Belal Shneikat, Cihan Cobanoglu, Cem Tanova, 2021-06-01 Although many countries have created effective strategies to recruit more international students due to proven economic and social benefits recruiting international students as a field of research lacks coherence Filling this gap this book provides a holistic and comprehensive overview of this emerging research area *Making the Heavens Speak* Peter Sloterdijk, 2023-01-05 The idea of a connection between poetry and religion is as old as civilization Homer consulted the Olympian gods on the fate of the fighters on the plain before Troy and the poet made the heavenly ones speak It was through poetry that the gods were brought within reach of human hearing In the centuries after Homer the Athenian stage became the setting where gods made their poetic interventions resolving human impasses and contributing to the emotional synchronization of the public life of the city Sloterdijk argues that as with the culture of the Ancient Greeks all religions inscribe a kind of theopoetry at the heart of their cultural life and thought even as they strenuously obscure these poetic origins through the cultivation and enforcement of orthodox norms Sloterdijk also shows how in conditions of religious pluralism religions poetically reshape themselves to accommodate the demands of the religious marketplace This highly original study of the poetic devices that inform accounts of the otherworldly offers a new interpretation of religious practice and its theological elaboration through history as well as a fresh perspective on our contemporary age in which collective life interwoven with imaginative fabrications is fraying under critical stress

journey that takes them from the Northeast through Appalachia and the Deep South and west to California the authors observe everyday verbal interactions and in a host of interviews with native speakers glean the linguistic quirks and traditions characteristic of each area While examining the histories and controversies surrounding both written and spoken American English they address anxieties and assumptions that when explored are highly emotional such as the growing influence of Spanish as a threat to American English and the special treatment of African American vernacular English And challenging the purists who think grammatical standards are in serious deterioration and that media saturation of our culture is homogenizing our speech they surprise us with unpredictable responses With insight and wit MacNeil and Cran bring us a compelling book that is at once a celebration and a potent study of our singular language Each wave of immigration has brought new words to enrich the American language Do you recognize the origin of 1 blunderbuss sleigh stoop coleslaw boss waffle Or 2 dumb ouch shyster check kaput scram bumper Or 3 phooey pastrami glitch kibbitz schnozzle Or 4 broccoli espresso pizza pasta macaroni radio Or 5 smithereens lollapalooza speakeasy hooligan Or 6 vamoose chaps stampede mustang ranch corral 1 Dutch 2 German 3 Yiddish 4 Italian 5 Irish 6 Spanish
