Approaches to the Byzantine Family Leslie Brubaker, Shaun Tougher, 2016-04-08 The study of the family is one of the major lacunas in Byzantine Studies Angeliki Laiou remarked in 1989 that the study of the Byzantine family is still in its infancy and this assertion remains true today The present volume addresses this lacuna It comprises 19 chapters written by international experts in the field which take a variety of approaches to the study of the Byzantine family and embrace a chronological span from the later Roman to the late Byzantine empire The context is established by chapters focusing on the Roman roots of the Byzantine family the Christianisation of the family and the nature of the family in contemporaneous cultures the late antique west and the Islamic east Key methodological approaches to the Byzantine family are highlighted and discussed in particular prosopographical and life course approaches The contribution of hagiography to the understanding of the Byzantine family is analysed by several authors other chapters on the family and children in art and on the archaeology of the Middle Byzantine house explore the material evidence that can shed light on the Byzantine family Overall the diversity of families that existed in Byzantium blood fictive metaphorical is emphasised and chapters consider the specific cases of ascetic monastic aristocratic and peasant families as well as the imperial family which is illuminated by the comparative case of a Caliphal family The volume is topped and tailed by a Preface and an Afterword by the editors which address the state of the field and consider the way ahead Thus the volume is vital in putting the subject of the Byzantine Family in sharp focus and setting the research agenda for the future

Helena Augusta Julia Hillner, 2023 In the middle of the third century a girl was born on the north eastern frontier of the Roman empire Eighty years later she died as Flavia Iulia Helena Augusta of the Roman world and mother of the first Christian emperor Constantine without ever having been married to an emperor herself In Helena Augusta Mother of the Empire Julia Hillner traces Helena s story through her life s peaks which generated beautiful imperial artwork entertaining legends as well as literary outrage But Helena Augusta also pays careful attention to the disruptions in Helena s life course and in her commemoration disruptions that were created by her nearest male relatives Hillner shows that Helena s story was not just determined by the love of a son or the rise of Christianity It was also like that of many other late Roman women defined by male violence and by the web of changing female relationships around her to which Helena was sometimes marginal sometimes central and sometimes ancillary Helena Augusta offers unique insight into the roles of imperial women in Constantinian self display and in dynastic politics from the Tetrarchy to the Theodosian Age and it also reminds us that the

late Roman female life course even that of an empress was fragile and non linear

Shipwrecks, Legal Landscapes and Mediterranean Paradigms Emilia Mataix Ferrándiz, 2022-05-16 Now available in Open Access thanks to the support of the University of Helsinki This book changes our understanding of the Roman conceptions about the sea by placing the focus on shipwrecks as events that act as bridges between the sea and the land The study explores the different Roman legal definitions of these spaces and how individuals of divergent legal statuses interacted within these areas Its main purpose is to chart and analyse the Roman conception of the maritime landscape from the Late Republican until the Severan period This book integrates maritime history and ethnography with the physical remains of past maritime systems such as shipwrecks ports villages fortifications and documented legal rulings

Money in Imperial Rome Merav Haklai, 2025-05-31 Money in Imperial Rome offers an in depth examination of the institutional framework within which money operated as an economic agent in the Roman empire emphasising its systemic complexity Analyses focus on classical Roman law as reflected in the writings of Roman jurists from the second and early third centuries AD The legal sources are augmented with documentary materials which give independent evidence of actual practice and with Jewish legal sources which give evidence of a separate contemporary legal tradition The work promotes Keynesian claims for the endogenous nature of money and adopts approaches advanced by new institutional economics NIE while its innovative contribution is in suggesting a complexity oriented approach to understanding the conceptual framework that dictated the use of money in private transactions Money is a complex phenomenon in the sense that it allows for new patterns of activity to be created by individuals who adjust their use of it to the continuously evolving system in which they operate The book is divided into four parts The first part is introductory The second part traces a line of thought consistent in legal developments that regulated exchange which perceived money as a unique phenomenon different from all other items therefore specific rules were applied to money and a special role was allocated to it in defining the status of the parties This is detectable for price pretium in the Roman contract for sale emptio venditio remuneration merces in the Roman contract for lease and hire locatio conductio and Jewish legal rules regarding sales conducted via a mode of acquisition known as acquisition by drawing qinyan meshikha The third part examines money as a financial tool It observes the various innovative ways Romans used the instrument of interest Then follows a discussion of regulations regarding interest bearing deposits its flexible application by individuals and the interconnected dynamics within and between three legal traditions operating under Roman regime Roman Jewish and Egyptian Hellenistic laws Investigation then moves to credit money in the Roman world and its capacity to increase the money supply The fourth part offers a summary of the work and some conclusions

Roman Artisans and the Urban Economy Cameron Hawkins, 2016-07-19 This book offers the first comprehensive study of economic conditions and economic life in Roman cities during the late Republic and early Empire By employing a sophisticated methodology based upon comparative evidence and contemporary economic theory the author develops interlocking arguments about the relationship

between four key attributes of urban economic life in Roman antiquity the nature and magnitude of consumer demand the structure of urban labour markets the strategies devised by urban artisans in their efforts to navigate their social and economic environments and the factors that served to limit both the overall performance of the Roman economy and its potential for intensive growth While the author s methodology and conclusions will be of particular interest to specialists in economic history other readers will profit from his discussion of topics such as slavery and manumission the economic significance of professional associations and the impact of gender on economic behaviour *Ethics, Identity, and Community in Later Roman Declamation* Neil W. Bernstein, 2013-09-19 The Major Declamations is a collection of nineteen full length Latin speeches attributed in antiquity to Quintilian but most likely composed by a group of authors in the second and third centuries CE Though there has been a recent revival of interest in Greco Roman declamation the Major Declamations has generally been neglected This is the first book devoted exclusively to the Major Declamations and its reception in later European literature It argues that the fictional scenarios of the Major Declamations enable the conceptual exploration of a variety of ethical and social issues These include the construction of authority the verification of claims the conventions of reciprocity and the ethics of spectatorship Chapter 5 presents a study of the reception of the collection by the Renaissance humanist Juan Luis Vives and the eighteenth century scholar Lorenzo Patarol A brief postscript surveys the use of declamatory exercises in the contemporary university and will inform current work in rhetorical studies
