Speculum De Autre Femme Collection Critique:

Perspectives on Contemporary Literature David Hershberg, 2021-10-21 Today's music painting and film share with literature in the development of a new aesthetic even as these other arts influence and are influenced by literary themes and structures And at the same time the music and art of the past continue to re echo in twentieth century letters The thirteen essays gathered here open a fine and varied view of the ways in which contemporary literature interacts with the other arts Surrealism in French painting and literature collage theory and the cutups of William Burroughs texts of Butor as shaped by works of Duchamp this volume offers a rich harvest of perceptive studies on these and other aspects of a fascinating topic

Sex and Class in Women's History Judith L. Newton, Mary P. Ryan, Judith R. Walkowitz, 2013-01-03 The essays collected in this volume reflect the upsurge of interest in the research and writing of feminist history in the 1970s 80s and illustrate the developments which have taken place in the types of questions asked the methodologies employed and the scope and sophistication of the analytical approaches which have been adopted Focusing on women in nineteenth century Britain and America this book includes work by scholars in both countries and takes its place in a long history of Anglo American debate The collection adopts the doubled vision of feminist theory the view that it is the simultaneous operation of relations of class and of sex gender that perpetuate both patriarchy and capitalism This view informs a wide variety of contributions from Class and Gender in Victorian England to Servants Sexual Relations and the Risks of Illegitimacy Free Black Women The Power of Women's Networks and Socialism Feminism and Sexual Antagonism in the London Tailoring Trade Both the vigour and the urgency of scholarship infused with social aims can be clearly felt in the essays collected here

Rooms with a View Giancarlo Lombardi, 2002 In tracing the individual struggles encountered by each single diarist Lombardi presents as a result of the juxtaposition of so many different texts a wider portrayal of women's struggles across five decades and four different national cultures BOOK JACKET Konkretion Marion Campbell, 2013 Ex commo Monique Piquet meets up in Paris with a former student Angel Beigesang who has just published a dramatic re imagining of Ulrike Meinhof and Gudrun Ensslin of the Red Army Faction In her wanderings through revolutionary and repressive Paris the old birdie's breakdown goes into freefall as she recalls her earlier radicalism and its part in the younger woman's dangerous identification with revolutionaries Music, Philosophy and Gender in Nancy, Lacoue-Labarthe, Badiou Sarah Hickmott, 2020-07-06 What counts as music for contemporary thinkers Why is music of use to philosophers and how do they use it in their work How do philosophers decide what music is and what assumptions are uncritically inherited in this move And what is the philosophical relationship between music and gender To answer these questions Sarah Hickmott looks at the way music is used characterised and understood in the work of Jean Luc Nancy Philippe Lacoue Labarthe and Alain Badiou Despite the differences in their philosophical theoretical positions all of these writers invoke music both directly and indirectly to negotiate their relationship to ontology politics ethics and aesthetics Given a longer philosophical history dating

back at least to Plato of aligning music with the feminine she also focuses on the way gender is deployed understood and constructed within the philosophy of music *Poetic Revolutionaries* Marion May Campbell,2014-01-10 Poetic Revolutionaries is an exploration of the relationship between radical textual practice social critique and subversion From an introduction considering recent debates regarding the cultural politics of intertextuality allied to avant garde practice the study proceeds to an exploration of texts by a range of writers for whom formal and poetic experimentation is allied to a subversive politics Jean Genet Monique Wittig Angela Carter Kathy Acker Kathleen Mary Fallon Kim Scott and Brian Castro Drawing on theories of avant garde practice intertextuality parody representation and performance such as those of Mikhael Bakhtin Julia Kristeva Gérard Genette Margaret A Rose Linda Hutcheon Fredric Jameson Ross Chambers and Judith Butler these readings explore how a confluence of writing strategies covering the structural narratological stylistic and scenographic can work to boost a text's subversive power *The Dimensions of Difference* Caroline Godart,2015-12-11 The Dimensions of Difference departs from traditional takes on feminist film criticism and in particular from the psychoanalytical focus on the gaze to examine the question of sexual difference through three axes space time and bodies These are some of the most fundamental elements of cinema which deploys the bodies of actors through space and time for instance through camerawork and editing While this approach may not at first sight seem to be related to questions of gender and sexuality Caroline Godart demonstrates its relevance to feminist film studies by weaving together careful analyses of space time and bodies in women's cinema with close readings of the same concepts in the works of three philosophers Luce Irigaray Henri Bergson and Gilles Deleuze The book investigates how certain films generate a cinematic experience of sexual difference and frames this analysis within a careful philosophical inquiry into the notion of alterity itself These tools provide fruitful resources for feminist inquiry giving insights into sexual difference as it operates within film aesthetics and beyond cinema in the world at large The result is a compelling reflection on feminism film form and continental philosophy Perspectives on Contemporary Literature ,1985 *Speculum* ,1979 *Thinking with Irigaray* Mary C. Rawlinson,Sabrina L. Hom,Serene J. Khader,2011-11-01 Thinking with Irigaray takes up Irigaray's challenge to think beyond the androcentric one subject culture identifying much that is useful and illuminative in Irigaray's work while also questioning some of her assumptions and claims Some contributors reject outright her prescriptions for changing our culture others suggest that her prescriptions are inconsistent with the basic ethical concerns of her project and still others attempt to identify blind spots in her work By confronting and challenging the mechanisms of masculine domination Irigaray has identified and applying these insights to a wide range of practical and contemporary concerns including popular media representations of women's sexuality feminist practice in the arts political resistance and yoga the contributors demonstrate the unique potential of Irigaray's thought within feminist philosophy and gender studies **Literature and the Other Arts** David Herschberg,1987 **Jacques Lacan (Volume II) (RLE: Lacan)** Michael Clark,2014-01-23 This bibliography in two volumes originally published in 1988

lists and describes works by and about Jacques Lacan published in French English and seven other languages including Japanese and Russian It incorporates and corrects where necessary all information from earlier published bibliographies of Lacan s work Also included as background works are books and essays that discuss Lacan in the course of a more general study as well as all relevant items in various bibliographic sources from many fields *Theatre et poesie surrealistes* Martine Antle,1988 **Routledge Encyclopedia of Philosophy** Edward Craig,1998 Volume five of a ten volume set which provides full and detailed coverage of all aspects of philosophy including information on how philosophy is practiced in different countries who the most influential philosophers were and what the basic concepts are **An Event, Perhaps** Peter Salmon,2020-10-13 Who was Jacques Derrida For some he is responsible at least in part for the contemporary crisis of truth For the far right he is one of the architects of Cultural Marxism To his academic critics he reduced French philosophy to little more than an object of ridicule For his fans he is an intellectual rock star who ranged across literature politics and linguistics In *An Event Perhaps* Peter Salmon presents this misunderstood and misappropriated figure as a deeply humane and urgent thinker for our times Accessible provocative and beautifully written this biography will introduce to a new readership to the life and work of a philosopher whose influence over the way we think will continue long into the twenty first century

Schrift,2014-09-11 Poststructuralism and Critical Theory s Second Generation analyses the major themes and developments in a period that brought continental philosophy to the forefront of scholarship in a variety of humanities and social science disciplines and that set the agenda for philosophical thought on the continent and elsewhere from the 1960s to the present Focusing on the years 1960 1984 the volume examines the major figures associated with poststructuralism and the second generation of critical theory the two dominant movements that emerged in the 1960s Althusser Foucault Deleuze Derrida Lyotard Irigaray and Habermas Influential thinkers such as Serres Bourdieu and Rorty who are not easily placed in standard histories of the period are also covered Beyond this thematic essays engage with issues as diverse as the Nietzschean legacy the linguistic turn in continental thinking the phenomenological inheritance of Gadamer and Ricoeur the influence of psychoanalysis the emergence of feminist thought and a philosophy of sexual difference the renewal of the critical theory tradition and the importation of continental philosophy into literary theory *The History of Continental Philosophy* Alan D. Schrift,2013-04-12 From Kant to Kierkegaard from Hegel to Heidegger continental philosophers have indelibly shaped the trajectory of Western thought since the eighteenth century Although much has been written about these monumental thinkers students and scholars lack a definitive guide to the entire scope of the continental

tradition The most comprehensive reference work to date this eight volume History of Continental Philosophy will both encapsulate the subject and reorient our understanding of it Beginning with an overview of Kant s philosophy and its initial reception the History traces the evolution of continental philosophy through major figures as well as movements such as existentialism phenomenology hermeneutics and poststructuralism The final volume outlines the current state of the field bringing the work of both historical and modern thinkers to bear on such contemporary topics as feminism globalization and the environment Throughout the volumes examine important philosophical figures and developments in their historical political and cultural contexts The first reference of its kind A History of Continental Philosophy has been written and edited by internationally recognized experts with a commitment to explaining complex thinkers texts and movements in rigorous yet jargon free essays suitable for both undergraduates and seasoned specialists These volumes also elucidate ongoing debates about the nature of continental and analytic philosophy surveying the distinctive sometimes overlapping characteristics and approaches of each tradition Featuring helpful overviews of major topics and plotting road maps to their underlying contexts A History of Continental Philosophy is destined to be the resource of first and last resort for students and scholars alike

Unspeakable Things Unspoken Isabelle M. Hamley, 2019-01-30 The story of the raped and murdered woman of Judges 19 and the civil war and mass marriage that ensue in chapters 20 21 are hardly favorite tales of the Hebrew Bible The chapters have often been dismissed as little more than an anachronistic epilogue an awkward amalgamation of earlier stories or a text of terror proof of patriarchal oppression This book argues that far from being a clumsy collage Judges 19 21 is a carefully narrated tale that chronicles the descent of a nation into extreme individualism and fragmentation In dialogue with continental philosopher Luce Irigaray it will uncover the dynamics of identity formation and how differential constructions of identity of the One and the Other yield patterns of victimization and justification of violence This literary philosophical reading will bring out silences and missed possibilities for the subjectivity of women whilst also shedding light on the victimization of men within the logic of totalitarian identity constructions The end of Judges therefore offers a theological conclusion to the book as a whole and opens up avenues for thought on theological anthropology understandings of identity and gender and a theological commentary on violence

Topologies of Sexual Difference Louise Burchill, Rebecca Hill, James Sares, 2025-10-01 Brings together wide ranging interdisciplinary analyses of Luce Irigaray s rethinking of space with respect to sexual difference and the visual arts A rethinking of space is central to Luce Irigaray s philosophy of sexual difference Topologies of Sexual Difference is the first edited collection to focus on this task through a sustained consideration of both Irigaray s critique of the Western tradition s systematic conflation of femininity and space and her transvaluative topological redeployment of space in theorizing sexual difference Across thirteen chapters Irigarayan space is thematized as porous fluid continuous and self differentiating Contributors engage with the origins of life affect the aesthetics of the maternal and placental an Irigarayan morphology inclusive of trans embodiment and in a rare focus the expression of sexuate

specificity in creative practice *Topologies of Sexual Difference* thus demonstrates the fundamental importance of Irigaray's rethinking of space for Western philosophy and the visual arts
