[With Illustrations and Facsimiles.] Charles Bowie Millican, 1932 **Spenser and the Table Round** Charles Bowie Millican, 1967 Spenser and the Table Round, etc Charles Bowie MILLICAN, 1967 *Spenser's Forms of History* Bart Van Es, 2002 In *Spenser's Forms of History* Bart van Es describes six modes through which Early Modern England addressed the past chronicle chorography antiquarian discourse euhemerism typology and prophecy By setting this material alongside the works of Edmund Spenser the book explores allusive strategies ranging in effect from eulogy to polemic Key Spenserian texts including *The Faerie Queene* *The Sheperdes Calendar* and *A View of the Present State of Ireland* are read against Elizabethan cultural documents extending from popular print to restricted manuscripts Over the course of six chapters each focusing on a single form the book shows Spenser to have been an exceptional historical thinker Drawing on recent studies of nationhood the study not only offers a new picture of the English Poet Historical but also makes an innovative contribution to current debates concerning the relationship between literature and history

Spenser: The Faerie Queene A. C. Hamilton, 2014-06-11 *The Faerie Queene* is a scholarly masterpiece that has influenced inspired and challenged generations of writers readers and scholars since its completion in 1596 Hamilton's edition is itself a masterpiece of scholarship and close reading It is now the standard edition for all readers of Spenser The entire work is revised and the text of *The Faerie Queene* itself has been freshly edited the first such edition since the 1930s This volume also contains additional original material including a letter to Raleigh commendatory verses and dedicatory sonnets chronology of Spenser's life and works and provides a compilation of list of characters and their appearances in *The Faerie Queene* Culture and the King Martin B. Shichtman, James P. Carley, 1994-01-01 This book focuses on how and why various cultures have appropriated the story of King Arthur It is about re vision how cultures alter inherited texts and are in turn changed by them and it deals with the ways in which various cultures have empowered the Arthurian legend so that power might be derived from it The authors suggest that the vitality of the Arthurian legend resides in its ability to be transformed and to transform in its potential for appropriation and use *Culture and the King* deals with issues of literature history art politics economics gender study and popular culture It crosses the boundaries traditionally erected around these disciplines and addresses emerging critical methodologies concerned with the poetics of culture **The Spenser Encyclopedia** A.C. Anderson, 2010-12-01 Judith H Anderson conceives the intertext as a relation between or

among texts that encompasses both Kristevan intertextuality and traditional relationships of influence imitation allusion and citation Like the Internet the intertext is a state or place of potential expressed in ways ranging from deliberate emulation to linguistic free play Relatedly the intertext is also a convenient fiction that enables examination of individual agency and sociocultural determinism Anderson's intertext is allegorical because Spenser's *Faerie Queene* is pivotal to her study and because allegory understood as continued or moving metaphor encapsulates even as it magnifies the process of signification Her title signals the variousness of an intertext extending from Chaucer through Shakespeare to Milton and the breadth of allegory itself Literary allegory in Anderson's view is at once a mimetic form and a psychic one a process thinking that combines mind with matter emblem with narrative abstraction with history Anderson's first section focuses on relations between Chaucer's *Canterbury Tales* and Spenser's *The Faerie Queene* including the role of the narrator the nature of the textual source the dynamics of influence and the bearing of allegorical narrative on lyric vision The second centers on agency and cultural influence in a variety of Spenserian and medieval texts Allegorical form a recurrent concern throughout becomes the pressing issue of section three This section treats plays and poems of Shakespeare and Milton and includes two intertextually relevant essays on Spenser How *Paradise Lost* or Shakespeare's plays participate in allegorical form is controversial Spenser's experiments with allegory revise its form and this intervention is largely what Shakespeare and Milton find in his poetry and develop Anderson's book the result of decades of teaching and writing about allegory especially Spenserian allegory will reorient thinking about fundamental critical issues and the landmark texts in which they play themselves out

"The White Horse" and Other Stories Emilia Bazan,1993 This is a collection of stories by Emilia Pardo Bazan 1851 1921 a

Spanish author who often found the subject matter of her stories in the mysteries and vicissitudes of life. Some of her tales are fictional accounts of actual occurrences or people. The Pardon A Galician Mother and The Lady Bandit others are a defense of women subjugated by a double standard. The Guilty Woman and The Faithful Fiancee a number focus on the figure of the rural priest. A Descendant of the Cid and Don Carmelo's Salvation for example. One highly symbolic story The White Horse qualifies Pardo Bazan as the godmother of the Generation of 98 the group of writers who exhorted Spain to begin anew ridding itself of inertia apathy and fixation on past glories. Several of the collected tales are like contemporary suspense thrillers such as The Cuff Link and The White Hair while many others reveal a keen psychological insight. The Torn Lace The Substitute Scissors The Nurse and Rescue. Pardo Bazan's themes are fear love hatred forgiveness cruelty poverty necrophilia repentance homesickness and madness that is naked reality bitter reality and often an ugly vicious reality. One of the indisputable giants of the nineteenth century short story is Guy de Maupassant. Pardo Bazan met him along with Daudet and Zola in France and considered him author of The Horla to be the master of short story writers. However although Maupassant influenced her most notably in psychological inquiry and careful attention to realistic detail Pardo Bazan put her own stamp on her stories and developed a style *sui generis* the most striking feature of which is brevity. The essence of Pardo Bazan's approach is to engage the reader as quickly as possible certainly in the first paragraph frequently in the first few sentences. Some aspect of a character or an episode is brought to light and the story unfolds rapidly. There are third person narratives in which the author occasionally injects herself or her point of view. Other narratives are presented wholly in the first person some by an omniscient narrator some by the players and from time to time Pardo Bazan has someone else tell the story to her and then as narrator she becomes the audience. It is entirely plausible that some of her graphic descriptions were intended to blunt accusations of softness i.e. femininity that in her era would foolishly but automatically have been associated with a woman writer. Still when the time came to represent the plight of women in terms of natural understandable sexual needs and intellectual acceptance Pardo Bazan captured the anguish and inferior status of her Spanish sisters.
