Sinister Twilight:

The Sinister Twilight J. S. Forrester, 1984 Sinister Twilight Noel Barber, 1968 *The Ashes of Waco* Dick J. Reavis, 1998-04-01 This is the story the daily press didn't give us It may be the definitive book about what happened at Mt Carmel near Waco Texas examined from both sides the Bureau of Alcohol and Tobacco and Firearms ATF and the FBI on one hand and David Koresh and his followers on the other Dick J Reavis contends that the government had little reason to investigate Koresh and even less to raid the compound at Mt Carmel The government lied to the public about most of what happened about who fired the first shots about drug allegations about child abuse The FBI was duplicitous and negligent in gassing Mt Carmel and that alone could have started the fire that killed seventy six people Drawing on interviews with survivors of Koresh's movement which dates back to 1935 as well as from esoteric religious tracts and audiotapes and previously undisclosed government documents Reavis uncovers the real story of the burning at Waco including the trial that followed The author quotes from Koresh himself to create an extraordinary portrait of a movement an assault and an avoidable tragedy *To Dare and to Conquer* Derek Leebaert, 2009-05-30 In the tradition of Guns Germs and Steel Leebaert tells the stories of small forces that have triumphed over vastly larger ones and changed the course of history from the Trojan Horse to Al Qaeda Maps and charts Decade of Change Bryan C. Cooper, 2001 In 70 days Britain's prestigious rule in Malaya and Singapore ended in humiliating defeat Previous colonial masters were herded into prisoner of war camps and Britain's benevolence was replaced by The Greater East Asian CoProsperity Sphere with its motto Asia for the Asians Japan's method of rule was a combination of incompetence suppression corruption and terror in vast contradiction to the brilliance of her military success In three and a half years everything changed for the worse When the Rising Sun finally set in defeat subjugated peoples were left with a legacy of impoverished turmoil bitterness and racial unrest The returning British were welcomed neither as conquering heroes nor returning masters The blemish of defeat on the white man's image had not been forgotten and had given birth to an emerging fervour of Nationalism *Moonlit Tales of the Macabre* Various authors, 2024-04-20 When someone says horror classics we usually think Mary Shelley and Bram Stoker Russian writers hardly ever come to mind The Russians are known for history and drama but not necessarily for suspense paranormal and ghost stories The following collection is proof that such pieces do in fact exist in Russian literature Unattainable wealth unrequited love unlimited power a world found and lost a walk along the boundary between dream and reality All this and more is offered to you by the creative team behind Moonlit Tales of the Macabre We are proud to bring you this collection of classics and hope it serves as a new portal into the fascinating and largely unexplored world of Russian literature This collection includes the following works The Queen of Spades by Alexander Pushkin Count Cagliostro by Alexei Tolstoy The Star of Solomon by Alexander Kuprin Moonlight by Alexander Grin May Night or the Drowned Maiden by Nikolai Gogol

Conrad's Narrative Voice Werner Senn, 2017-01-09 Werner Senn's Conrad's Narrative Voice draws on the methodology

of linguistic stylistics and the analysis of narrative discourse to discuss Joseph Conrad's perception of the role and the limitations of language. Tracing recurrent linguistic patterns allows Senn to demonstrate that Conrad's view of the radical indeterminacy of the world is conveyed on the most basic levels of the author's often criticised verbal style but permeates his work at all levels of the narrative. Detailed stylistic analysis also reveals the importance to Conrad of the spoken word of oral communication. Senn argues that the narrators' compulsive efforts to make their readers see and understand reflect Conrad's ethics of human solidarity in a world he depicts as hostile, enigmatic and often senseless.

Men Who Lost Singapore, 1938-1942 Ronald McCrum, 2018-04-27 The British military failure against the Japanese invasion of Singapore in 1942 is a well documented and closely examined episode. While attention is frequently drawn to the role of the Colonial Governor and his staff during this period, the participation of the civil authorities has not been subjected to the same rigorous scrutiny. In this book Ronald McCrum undertakes a close examination of the role and the responsibilities of the colonial authorities both in the lead up to the war and during it. He contends that the colonial government, by pursuing different priorities needlessly, created distraction and confusion. Additionally, the poor even hostile relations that developed between the local government and the British military hierarchy impeded a joint approach to the growing threat and affected the course of this campaign. McCrum displays how the tawdry management of civil defence matters led to unnecessary loss of civilian life.

Fighting Monsters Richard Wallace Braithwaite, 2016 Only six escapees survived the Sandakan death marches of 1945 in North Borneo, the worst atrocity ever inflicted on Australian soldiers. 1787 Australian and 641 British POWs perished. Previous descriptions of the numerous violent acts have yielded little understanding of a situation where the real struggle was to keep one's humanity when so many were losing theirs, whether Allied POWs, local residents of Borneo, Japanese slave labourers or Japanese soldiers. Understanding this extraordinary story is aided by reference to a wide range of sources in different countries and disciplines and by examining the perspectives of all players in this terrible game of survival. An unusual and extreme POW story, the Sandakan tragedy had four stages: active resistance in 1942, 3 stubborn endurance in 1943, 4 the collapse of civilized existence in 1945 and finally the postwar decades of torment for the six damaged survivors, the gradual assimilation of the story, the healing of the damage and the commemoration of the tragedy by the families and communities involved. Richard Wallace Braithwaite's father was one of the six survivors of the Sandakan death marches of 1945. He died in 1986 still wanting the story to be properly told. This led to a project that has lasted for much of the last forty years of the author's life, culminating in this book. With a scientific background, Richard worked for many years with CSIRO and universities in the biological and social sciences and in historical research. His extensive and diverse research history and lifelong personal immersion in the story has given him a unique perspective in exploring the complexities of the Sandakan tragedy.

Playing for Malaya Rebecca Kenneison, 2013-07-15 A stunning personal account of a Eurasian family living in Malaya during WWII.
