Sitting Still An Encounter With Christian Zen:

An Introduction to Christian Spirituality F. Antonisamy, 2000

Without Buddha I Could Not be a Christian

Paul F. Knitter, 2013-01-01 An honest unflinching tale of re finding one's faith from one of the world's most famous theologians Without Buddha I Could Not Be a Christian narrates how esteemed theologian Paul F Knitter overcame a crisis of faith by looking to Buddhism for inspiration From prayer to how Christianity views life after death Knitter argues that a Buddhist standpoint can encourage a more person centred conception of Christianity where individual religious experience comes first and liturgy and tradition second Moving and revolutionary this book will inspire Christians everywhere "True and Holy"

Leo Lefebure, 2014-04-10 When believers read the sacred texts of other religions through a hermeneutic of hostility the consequences can be deadly Christian history shows that the Bible is no exception In recent decades however many Christian traditions have radically refashioned their approach to other religious traditions and to biblical interpretation This new hermeneutics of generosity seeks to uncover what can be learned from other holy texts and the communities that treasure them and also seeks to find common ground on important issues such as human rights and religious liberty Lefebure offers Christian readings of Jewish Muslim Hindu and Buddhist holy texts that suggest new bases for friendship and understanding Noting the challenges and tensions in the relationship between Christians and these four other religious communities he also examines the specific issues involved in interpreting the Christian Bible in interreligious dialogue He concludes with a reflection on the experience of conversion in light of the theology of Bernard Lonergan and the mimesis theory of Rene Girard **Buddhist Thought and Applied Psychological Research** D.K. Nauriyal, Michael Drummond, Y.B. Lal, 2006-08-21

Written by leading scholars and including a foreword by the Dalai Lama this book explores the interface between Buddhist studies and the uses of Buddhist principles and practices in psychotherapy and consciousness studies The contributors present a compelling collection of articles that illustrate the potential of Buddhist informed social sciences in contemporary society including new insights into the nature of human consciousness The book examines the origins and expressions of Buddhist thought and how it is now being utilized by psychologists and social scientists and also discusses the basic tenets of Buddhism and contemporary Buddhist based empirical research in the psychological sciences Further emphasis is placed on current trends in the areas of clinical and cognitive psychology and on the Mahayana Buddhist understanding of consciousness with reference to certain developments in consciousness studies and physics A welcome addition to the current literature the works in this remarkable volume ably demonstrate how Buddhist principles can be used to develop a deeper understanding of the human condition and behaviours that lead to a balanced and fulfilling life Like a Child Rev. Timothy J. Mooney, 2014-05-30 By breaking free from our misperceptions about what it means to be an adult we can reshape our world and become harbingers of grace In our desire to grow up mature become adults we become enamored with who we are supposed to be When we have finally grown up we realize much of who we really are has been left behind or

buried under various masks and roles we play But the knowledge of who we truly are never leaves us To reclaim our selfhood we must grow up again and consciously embrace all that it means to be childlike from Chapter 12 It Takes a Long Time to Become Young By restoring the childlike ways of humility trust awe wonder playfulness and more we can recover a fuller picture of what it means to be human This unique spiritual resource explores what Jesus may have meant when he said Unless you change and become like children you will never enter the kingdom of heaven It addresses our modern misperceptions regarding the nature of maturity and the common coping mechanisms distrust guardedness insecurity judgmental thinking we acquire and feel we require in adulthood Along with the wisdom of ancient and modern spiritual luminaries this book provides over twenty five spiritual practices to help us cultivate the childlike ways of attention self awareness joy and resilience in our inner lives as well as in our relationships with others **I Am the Bread of Life** Suzanne Toolan,Elizabeth Dossa,2007 Forty years ago Suzanne Toolan wrote the famous hymn I Am the Bread of Life which has since been translated into 25 languages and performed all over the world This book recounts Sr Suzanne s remarkable life and abundant insights into the splendor of music liturgy and faith **CURRENT CONTENTS** ,1997 **The Joy of Encountering Christ** Hoan Moses Chung,2025-09-23 The Joy of Encountering Christ Thomas Merton and Zen is based on Merton s pioneering work of integrating Christian spirituality with Eastern religions especially Zen Buddhism The author espouses perennial philosophy which says that human beings have an identical dynamism of the spirit oriented to God Christ is equivalent to Atman in Advaita Vedanta and the Buddha nature in Zen We don t have an individual life apart from Christ our true self is Christ who lives within us Merton s spirituality is summarized using the thirteenth century Buddhist philosopher Dogen s dictum To know Christ is to know true self To know the true self is to know the false self To know the false self is to cast off the body and mind by means of contemplation Merton single handedly lifted up Christian spirituality and made contemplation a household word by firmly establishing that Zen provides the epistemological and structural impetus for directly experiencing God Contemplation is the process of manifesting the hidden wholeness body mind and spirit by emptying the ego self so that Christ takes ownership of our interior selves Without the wisdom and insights from Asian religious traditions the Christian proclamation fails to convey its full meaning and remains divided between God and man heaven and earth and mind and body *Encountering God* Diana L. Eck,2014-10-28 A clarion call for interfaith dialogue in the U S this splendid exposition of non Christian approaches to God encourages an increased religious literacy that will contribute richness and diversity to our national identity Publishers Weekly In this tenth anniversary edition of Encountering God religious scholar Diana Eck shows why dialogue with people of other faiths remains crucial in today s interdependent world globally nationally and even locally As the director of the Pluralism Project which seeks to map the new religious diversity of the United States from Hinduism and Buddhism to Islam she reveals how her own encounters with other religions have shaped and enlarged her Christian faith toward a bold new Christian pluralism *The Saints' Guide to*

Happiness Robert Ellsberg, 2005-09-27 What is happiness and how can I find it may be one of the most frequently asked questions there is Perhaps that's because it is so hard to experience lasting happiness In *The Saints Guide to Happiness* Robert Ellsberg suggests that some of the best people to show us are holy men and women throughout history from St Augustine to Flannery O'Connor Thomas Merton to St Theresa of Avila and Mother Theresa These people weren't saints because of the way they died or their visions or wondrous deeds They were saints because of their extraordinary capacity for goodness and love which in the end makes us happy
