

Start to bring the skis into a snowplough as you turn into the fall line

Lean forwards to start turning into the fall line

Traverse across the slope with the skis parallel

Come into a full snowplough with your weight on both skis as you near the fall line

Lean onto the outside ski to start to turn out of the fall line

Bring the skis back to parallel as you come back across the slope, keeping your weight on the outside ski

Traverse out of the turn, with your weight in the middle of the skis lengthways, and your weight on the downhill ski
