The World on Edge Edward S. Casey,2017-07-12 From one of continental philosophy's most distinctive voices comes a creative contribution to spatial studies environmental philosophy and phenomenology Edward S Casey identifies how important edges are to us not only in terms of how we perceive our world but in our cognitive artistic and sociopolitical attentions to it We live in a world that is constantly on edge yet edges as such are rarely explored Casey systematically describes the major and minor edges that configure the human and other than human realms including our everyday experience He also explores edges in high stakes situations such as those that emerge in natural disasters moments of political and economic upheaval and encroaching climate change Casey's work enables a more lucid understanding of the edge world that is a necessary part of living in a shared global environment

Nickel Mountain John Gardner,2007 At the heart of John Gardner's Nickel Mountain is an uncommon love story set in a small Catskill community in the 1950s when at forty two the obese gentle and anxious Henry Soames marries seventeen year old Callie Wells who is pregnant with the child of a local boy it is much more than age that defines the gulf between them The plot turns on tragic events they might be accidents or they might be acts of will involving a cast of rural eccentrics that includes a lonely amputee veteran a religious hysteric thought by some to be the devil himself and an itinerant Goat Lady Questions of guilt and innocence and even murder are ultimately eclipsed by Henry Soame's quiet discovery of grace

Novelist William H Gass a friend and colleague of the author has written an introduction that shines new light on the work and career of the much praised and often misunderstood John Gardner

Mountain Home David Hinton,2014-10-10 The earliest and most extensive literary engagement with wilderness in human history Mountain Home is vital poetry that feels utterly contemporary China's tradition of rivers and mountains poetry stretches across millennia This is a plain spoken poetry of immediate day to day experience and yet seems most akin to China's grand landscape paintings Although its wisdom is ancient rooted in Taoist and Zen thought the work feels utterly contemporary especially as rendered here in Hinton's rich and accessible translations Mountain Home collects poems from 5th through 13th century China and includes the poets Li Po Po Chu i and Tu Fu The rivers and mountains tradition covers a remarkable range of topics comic domestic scenes social protest travel sage recluses and mountain landscapes shaped into forms of enlightenment And within this range the poems articulate the experience of living as an organic part of the natural world and its processes In an age of global ecological disruption and mass extinction this tradition grows more urgently important every day Mountain Home offers poems that will charm and inform not just readers of poetry but also the large community of readers who are interested in environmental awareness
