Yaxchilan Carolyn Elaine Tate, 1992-01-01 Art historian Carolyn Tate presents in a well organized and amply illustrated two part format a holistic treatment of a single archaeological site the great ancient Maya city of Yaxchilan This is the most successful attempt to relate art and architecture within a Maya site that I have seen Ethnohistory As archaeologists peel away the jungle covering that has both obscured and preserved the ancient Maya cities of Mexico and Central America other scholars have only a limited time to study and understand the sites before the jungle weather and human encroachment efface them again perhaps forever This urgency underlies *Yaxchilan The Design of a Maya Ceremonial City* Carolyn Tate's comprehensive catalog and analysis of all the city's extant buildings and sculptures During a year of field work Tate fully documented the appearance of the site as of 1987 For each sculpture and building she records its discovery present location condition measurements and astronomical orientation and reconstructs its Long Counts and Julian dates from Calendar Rounds Line drawings and photographs provide a visual document of the art and architecture of Yaxchilan More than mere documentation however the book explores the phenomenon of art within Maya society Tate establishes a general framework of cultural practices spiritual beliefs and knowledge likely to have been shared by eighth century Maya people The process of making public art is considered in relation to other modes of aesthetic expression such as oral tradition and ritual This kind of analysis is new in Maya studies and offers fresh insight into the function of these magnificent cities and the powerful role public art and architecture play in establishing cultural norms in education in a semiliterate society and in developing the personal and community identities of individuals Several chapters cover the specifics of art and iconography at Yaxchilan as a basis for examining the creation of the city in the Late Classic period Individual sculptures are attributed to the hands of single artists and workshops thus aiding in dating several of the monuments The significance of headdresses backracks and other costume elements seen on monuments is tied to specific rituals and fashions and influence from other sites is traced These analyses lead to a history of the design of the city under the reigns of Shield Jaguar A D 681 741 and Bird Jaguar IV A D 752 772 In Tate's view Yaxchilan and other Maya cities were designed as both a theater for ritual activities and a nexus of public art and social structures that

were crucial in defining the self within Maya society **The Nameless Throne: An Epic Fantasy Adventure** Lisa Cassidy,2023-09-21 Her world is ice and steel Her destiny is fire and storm In the frozen borderlands of Dunidaen Arya Nameless has clawed her way up from nothing A Raider forged by hardship and discipline she dreams of more than endless patrols and silent winters she dreams of power purpose and a place to belong When her bravery catches the eye of the formidable Warlord Ravenstrike Arya is swept into a new world of strategy and statecraft where strength is currency and ambition draws blood But her temper is as sharp as her sword and one misstep could cost her the home she s only just begun to find Across the border an ancient enemy stirs The Nightstalker king of Andahar master of forbidden magic has turned his gaze on Dunidaen And on Arya He knows what she is What she could become As the storm of war gathers Arya must choose between the loyalty she s earned and the legacy she never wanted Between a throne carved by destiny and the family she would burn the world to protect **The Inkweaver Archive: The Complete Series** Lisa Cassidy,2025-08-16 Her world is ice and steel Her destiny is fire and storm In the frozen borderlands of Dunidaen Arya Nameless has clawed her way up from nothing A Raider forged by hardship and discipline she dreams of more than endless patrols and silent winters she dreams of power purpose and a place to belong When her bravery catches the eye of the formidable Warlord Ravenstrike Arya is swept into a new world of strategy and statecraft where strength is currency and ambition draws blood But her temper is as sharp as her sword and one misstep could cost her the home she s only just begun to find Across the border an ancient enemy stirs The Nightstalker king of Andahar master of forbidden magic has turned his gaze on Dunidaen And on Arya He knows what she is What she could become As the storm of war gathers Arya must choose between the loyalty she s earned and the legacy she never wanted Between a throne carved by destiny and the family she would burn the world to protect **Designing for Print** Charles Conover,2011-10-25 This book is a single source guide to planning designing and printing successful projects using the Adobe Creative Suite Packed with real world design exercises this revised edition is fully updated to align with CS Dozens of sidebars and step by step descriptions walk readers through the design process in the same order actual projects are implemented Content progresses from planning through execution *Sacred Starts* MD Sharr,2025-05-03 *Sacred Starts* A Fresh Guide to Hindu Baby Names is a heartfelt and thoughtful book crafted to help parents find the perfect name for their child one that s rich in meaning spirituality and individuality In Hindu culture naming is a sacred act often influenced by tradition astrology and symbolism This guide honors those roots while offering a modern curated collection of both classic and rare names from Sanskrit and Hindu philosophy With clarity and warmth the book addresses the desires of contemporary parents who seek names that are easy to pronounce unique and spiritually resonant From deities and virtues to nature and poetic inspiration every name carries a story Categorized alphabetically and by gender the book is designed as a companion not a catalog guiding readers with care insight and cultural depth It celebrates the power of names as lifelong gifts and marks the beginning of a sacred journey in parenthood *Septuagint: Daniel (Chisianus Version)* Scriptural Research

Institute, Daniel ben Abai, Habakkuk ben Jesus, 1901 The Old Greek translation was the version originally in the Septuagint however the authenticity and accuracy of any and all versions of the Book of Daniel have always been in doubt The Codex Chisianus also known as the Chigi Manuscript 88 is accepted as being the closest to the Old Greek translation It claims to be a copy of the Christian scholar Origen of Alexandria's recension from circa 240 AD and as the Syriac translation of Origen's recension from 616 and 617 AD the Syro Hexaplar Codex is virtually identical they are both accepted as Origen's work Origen rejected both the shorter version of Daniel found in the Hebrew and Aramaic translation that the Jews of his day were using as well as Theodotion's translation which was largely based on the Hebrew and Aramaic text and claimed the Old Greek translation was the closest to the original text of Daniel In 1931 a damaged papyrus from the 3rd century AD was found now known as Papyrus 967 which contains a Greek translation of Daniel that is similar to the Codex Chisianus and Syro Hexaplar Codex's version of Daniel but does not seem to be Origen's work supporting his recension as being the Old Greek version While the content of the Codex Chisianus Syro Hexaplar Codex and Papyrus 967 are essentially the same Papyrus 967 deviates from the others by having Daniel's visions found in chapters 7 and 8 earlier in the book before Masoretic chapter 5 likely moved due to confusion over the identities of the two kings named Belshazzar This translation follows the oldest documented chapter structure of Daniel starting with the chapter of Susanna and incorporating the Old Greek versions of Masoretic chapters 7 and 8 earlier in the book as found in Papyrus 967 Overall Daniel may be one of the most abused of the ancient authors as several authors appear to have added to or redacted his work during the Persian Era The surviving copies of Daniel are such a mess that they are generally dismissed as a work of fiction by most secular historians that research them as they do not correspond to any version of Babylonian Median and Persian history although being set in the Neo Babylonian and Early Persian Eras Ironically the early sections of the Book of Daniel could only have been written in the Neo Babylonian and early Persian eras as the redactions that took place to the earlier sections of text only make sense in the political reality of the Early Persian Empire

Best Names for Hindu Boys and Girls

Hseham Amrahs, 2024-01-06 All the aspects should be considered while choosing the name The name should be kept which is easy to pronounce as well as being meaningful Sometimes a person keeps the old and traditional name of the child but they should not forget that if their child is born in modern times then the name given by you may not cause him to become a comic character in the future At the same time some people also believe that if we name our child after a famous person then he will become famous like that person So let us tell you that a person becomes greater by his actions and moves forward only because of his efforts That is why always keep the name afterthought In many places you can guess the religion of the child by name By the way in present modern times people do not give much preference to religion etc while naming All they need for their child is just a catchy and easy name
