States and Canada These countries both of which have large immigrant populations as well as Native populations have maintained fiddle traditions that while sometimes faithful to old world or Native styles often feature blended elements from various traditions Therefore researchers of the fiddle traditions in these two countries can not only explore elements of fiddling practices drawn from various regions of the world but also look at how different fiddle traditions can interact and change In addition to including short essays and listings of resources about the full range of fiddle traditions in those two countries it also discusses selected resources about fiddle traditions in other countries that have influenced the traditions in the United States and Canada **Mississippi Fiddle Tunes and Songs from the 1930s** Harry Bolick, Stephen T.

Austin, 2015-11-09 While in the Mississippi State Archives tracking down Abbott Ferriss's beautiful photographic portraits of musicians from 1939 author Harry Bolick discovered to his amazement a treasure trove of earlier fiddle tunes in manuscript form Since then he has worked to understand how this collection came to exist and be set aside With Stephen T Austin Bolick has transcribed the subsequent 1939 audio recordings Mississippi Fiddle Tunes and Songs from the 1930s presents the history of the collecting work with over three hundred of the tunes and songs and a beautiful selection of period photographs In the summer of 1936 over one hundred fiddle tunes many of them unique along with thousands of songs were collected and notated throughout a large part of Mississippi Roughly 130 novice field workers captured beautiful tunes and tantalizing fragments As a body of work it is an unparalleled and fascinating snapshot of vernacular music as heard in Mississippi in the early part of the recorded era However this music was unpublished and forgotten In 1939 building on the contacts made three years earlier Herbert Halpert led one of the last and best executed of the WPA folklore projects which recorded audio performances in Mississippi Some but not all of those distinctive fiddle tune recordings have been published Additionally through cassette tape copies passed hand to hand some of these distinctive tunes have regained currency and popularity among contemporary fiddlers In Mississippi Fiddle Tunes and Songs from the 1930s this great music is at last widely available Selected tunes in this book are available from Document Records Get Harry Bolick's CD with 22 tunes from the book more information a video and free downloads of the sound files at www.mississippifiddle.com Catalogue of (printed) music. Gibson,2017-07-04 The step dancing of the Scotch Gaels in Nova Scotia is the last living example of a form of dance that waned following the great emigrations to Canada that ended in 1845 The Scotch Gael has been reported as loving dance but step dancing in Scotland had all but disappeared by 1945 One must look to Gaelic Nova Scotia Cape Breton and Antigonish County to find this tradition Gaelic Cape Breton Step Dancing the first study of its kind gives this art form and the people and culture associated with it the prominence they have long deserved Gaelic Scotland s cultural record is by and large pre literate and references to dance have had to be sought in Gaelic songs many of which were transcribed on paper by those who knew their culture might be lost with the decline of their language The improved Scottish culture depended proudly on the teaching of dancing and the literate learning and transmission of music in accompaniment Relying on fieldwork in Nova Scotia and on mentions of dance in Gaelic song and verse in Scotland and Nova Scotia John Gibson traces the historical roots of step dancing particularly the older forms of dancing originating in the Gaelic speaking Scottish Highlands He also places the current tradition as a development and part of the much larger British and European percussive dance tradition With insight collected through written sources tales songs manuscripts book references interviews and conversations Gaelic Cape Breton Step Dancing brings an important aspect of Gaelic history to the forefront of cultural debate Music in Canada Elaine Keillor,2008 Offers a history of Canadian musical expressions and their relationship to Canada s cultural and geographic diversity This book features a survey of musics in Canada and includes forty three vignettes highlighting topics such as Inuit throat games the music of k d lang and orchestras in Victoria *Punishment* Mark Tunick,1915 What actions should be punished Should plea bargaining be allowed How should sentencing be determined In this original penetrating study Mark Tunick explores not only why society punishes wrongdoing but also how it implements punishment Contending that the theory and practice of punishment are inherently linked Tunick draws on a broad range of thinkers from the radical criticisms of Nietzsche Foucault and some Marxist theorists through the sociological theories of Durkheim and Girard to various philosophical traditions and the law and economics movement He defends punishment against its radical critics and offers a version of retribution distinct from revenge that holds that we punish not to deter or reform but to mete out just deserts vindicate right and express society s righteous anger Demonstrating first how this theory best accounts for how punishment is carried out he then provides immanent criticism of certain features of our practice that don t accord with the retributive principle Thought provoking and deftly argued *Punishment* will garner attention and spark debate among political theorists philosophers legal scholars sociologists and criminologists What actions should be punished Should plea bargaining be allowed How should sentencing be determined In this original penetrating study Mark Tunick explores not only why society punishes wrongdoing but also how it implements punishment
