Cultural Tourism in a Changing World Melanie K. Smith, Mike Robinson, 2006-01-01 Cultural Tourism in a Changing World provides an in depth analysis of the key political and social debates in the field of cultural tourism drawing on a range of international examples to exemplify the issues raised The authors highlight the complex dynamism of cultural tourism and its potential to transform destinations and peoples in a rapidly changing world **The Darker Side of Travel** Richard Sharpley, Philip R. Stone, 2009-08-25 Over the last decade the concept of dark tourism has attracted growing academic interest and media attention Nevertheless perspectives on and understanding of dark tourism remain varied and theoretically fragile whilst to date no single book has attempted to draw together the conceptual themes and debates surrounding dark tourism to explore it within wider disciplinary contexts and to establish a more informed relationship between the theory and practice of dark tourism This book meets the undoubted need for such a volume by providing a contemporary and comprehensive analysis of dark tourism Slavery Page DuBois, 2021-03-25 Life liberty and the pursuit of happiness is perhaps the most famous phrase of all in the American Declaration of Independence Thomas Jefferson's momentous words are closely related to the French concept of liberte egalite fraternite and both ideas incarnate a notion of freedom as inalienable human right that in the modern world we expect to take for granted In the ancient world by contrast the concepts of freedom and equality had little purchase Athenians Spartans and Romans all possessed slaves or helots unfree bondsmen and society was unequal at every stratum Why then if modern society abominates slavery does what antiquity thought about serfdom matter today Page duBois shows that slavery far from being extinct is alive and well in the contemporary era Slaves are associated not just with the Colosseum of ancient Rome but also with Californian labour factories and south Asian sweatshops while young women and children appear increasingly vulnerable to sexual trafficking Applying such modern experiences of bondage economic or sexual to slavery in antiquity the author explores the writings on the subject of Aristotle Plautus Terence and Aristophanes She also examines the case of Spartacus famous leader of a Roman slave rebellion and relates ancient notions of liberation to the all too common immigrant experience of enslavement to a globalized world of rampant corporatism and exploitative capitalism **Museum Frictions** Ivan Karp, Corinne A. Kratz, Lynn Szwaja, Tomas Ybarra-Frausto, 2006-12-07 Museum Frictions is the third volume in a bestselling series on culture society and museums The first two volumes in the series Exhibiting Cultures and Museums and Communities have become defining books for those interested in the politics of museum display and heritage sites Another classic in the making Museum Frictions is a lavishly illustrated examination of the significant and varied effects of the increasingly globalized world on contemporary museum heritage and exhibition practice The contributors scholars artists and curators present case studies drawn from Africa Australia North and South America Europe and Asia Together they offer a multifaceted analysis of the complex roles that

national and community museums museums of art and history monuments heritage sites and theme parks play in creating public cultures Whether contrasting the transformation of Africa s oldest museum the South Africa Museum with one of its newest the Lwandle Migrant Labor Museum offering an interpretation of the audio guide at the Guggenheim Bilbao reflecting on the relative paucity of art museums in Peru and Cambodia considering representations of slavery in the United States and Ghana or meditating on the ramifications of an exhibition of Australian aboriginal art at the Asia Society in New York City the contributors highlight the frictions contradictions and collaborations emerging in museums and heritage sites around the world The volume opens with an extensive introductory essay by Ivan Karp and Corinne A Kratz leading scholars in museum and heritage studies Contributors Tony Bennett David Bunn Gustavo Buntinx Cuauht moc Camarena Andrea Fraser Martin Hall Ivan Karp Barbara Kirshenblatt Gimblett Corinne A Kratz Christine Mullen Kreamer Joseph Masco Teresa Morales Howard Morphy Ingrid Muan Fred Myers Ciraj Rassool Vicente Razo Fath Davis Ruffins Lynn Szwaja Krista A Thompson Leslie Witz Tom s Ybarra Frausto
