Snooze Michael McGirr,2017-06-06 Michael McGirr always had trouble sleeping The arrival of baby twins however made him realize that he'd never before known true exhaustion And while he celebrated these small children who brought him so much joy and tiredness he found himself on a desperate and bone weary journey in search of just a few extra winks a night It was an adventure that would teach him more about what exactly sleep is why we need it and what it means when we don't get enough of it In *Snooze* McGirr delves into the mysterious world of sleep including its many benefits its stubborn elusiveness and exactly what our brains really get up to while we're in bed He offers readers a tour through the odd sleep patterns of some of history's greatest minds including Aristotle Homer Shakespeare Florence Nightingale Thomas Edison and

more He looks too at the demise of sleep in our increasingly fragmented modern world and examines what that means for everyone from the Average Joe in the workplace to those with serious sleep disorders The result is both entertaining and enlightening the perfect book for those sleepless nights **Medieval and Renaissance Drama in England, Volume 25**
