decades while also making his name as a proponent of New Narrative writing and as one of America's most unusual venturesome and lyrical authors. *About Ed* is about Ed who remains as our dead do both familiar and unknowable faraway and close. It is about Bob too. The book is a hybrid at once fiction and fact like memory and it takes in many things through tales of political activism and domestic comedy and fury to questions of art and love and experiences of longing and horror. The book also shifts in register from the delicate to the analytic to funny and explicit and heartbroken. It begins in the San Francisco of the early 1980s when Ed and Bob have been broken up for a while AIDS is spreading but Ed has yet to receive his diagnosis. It follows him backward through his life with Bob in the 1970s and forward through the harrowing particulars of death. It holds on to him and explores his art. It ends in his dreams.

Spirit Matters Matthew J. Pallamary, 2007-12. It's June 1947 in Riverton, Alabama. Ten-year-old Graham and his pals Blake and Todd are fresh out of school for the summer and don't have a care in the world. Or do they? The annual slingshot battle using chinaberries as ammo is only a few weeks away and they need a plan. Last year their tree house was demolished by the mock orange cannon of the Ramar Renegades. Following her sister's death in February, Ruth St. John has been alone in her ante-bellum house. With Rachael gone, the old woman develops an interest in the outside world, especially the roughnecks she sees through her window. Gayle Freemont, a young black professor at the Negro college, wants to have a wife and children but is reluctant to get trapped in the South where he is just another boy. The childless wife of a prominent architect, Jane Forrester, is entering menopause and fears that life is passing her by. She resents her husband's selfish and domineering behavior and longs to find happiness before it's too late. Graham's father, Pete, is the county school superintendent. He considers himself quite progressive with respect to race relations until the day he has to put his progressive ideas to the test. Priscilla Andrews teaches at the elementary school. Her acne-scarred face has caused some of the boys to call her Worm Face behind her back. But she maintains her professional bearing and decides that she and black people share a skin problem. Crayton Turner pedals his Popsicle cart as fast as he can, trying to reach the construction site before the workers leave, which proves to be a fateful decision.

The Shard Of Eternity R. McKay, *The Shard of Eternity* follows the journey of Lirael, an elf chosen by the ancient Well of Magic to carry the balance of light and darkness within her. As the Void King rises, threatening to consume the world in eternal shadow, Lirael is thrust into a battle not only for her people's survival but for the very fabric of creation. Guided by the wisdom of the elven elders and supported by her steadfast companion Elrion, Lirael faces a series of trials that test her ability to wield both creation and destruction. Along their perilous journey, they encounter powerful allies, ancient magic, and the harrowing forces of the void. In the final confrontation with the Void King, Lirael must make the ultimate sacrifice to restore balance to the world, facing the darkness within herself and unlocking the true potential of the Well's magic. The story is one of love, loyalty, sacrifice, and the eternal struggle to maintain the balance between light and darkness.
