Speak Out On Rape:

Unveiling Justice: Rape Survivors Speak out , Nepal a country emerging from armed conflict and with a strong base of patriarchy and feudalism at its roots has institutionalized the norm of violence as portrayed in social values political criminalisation and impunity The practice of routinely subjecting women to various forms of violence from the womb to the grave is pervasive Socially the sanctity of marriage remains a key structure through which the liberty of women is hampered Thus the inter linkages of women s chastity with their sexuality wherein any breaches are considered to be contaminating norms have contributed to situate rape as the crime shrouded in secrecy giving rise to a pervasive and prevalent culture of silence among the survivors Rape is a heinous human rights violation that infringes upon the sexual autonomy and integrity of an individual Nepal committed herself to uphold the international human rights norms as stipulated in the Convention on the Elimination of all forms of Discrimination against Women CEDAW Convention on the Rights of the Child International Covenant of Civil and Political Rights ICCPR International Covenant on Economic Social and Cultural Rights ICESCR as a State party to international law In addition with the UNSCR 1325 and 1820 which are clear on promoting women s participation and working towards combating sexual violence it is mandatory for the Government of Nepal to put in place mechanisms to actualize its commitment to women s rights It is within this mandate that WOREC Nepal and Isis WICCE set out to examine the extent to which survivors of rape and sexual violence access justice and the efficacy of response mechanisms in an effort to inform and draw the attention of decision and policy makers activists development workers legal practitioners and academic practitioners to this critical development concern Based on 55 in depth interviews with survivors 114 key informant interviews 33 focus group discussions as primary sources and media review MR of 201 cases and analysis of 723 documented cases WOREC xvii by organizations OR as secondary sources the research team covered the 10 districts of Morang Dhanusha Kailali Udayapur Kavrepalanchowk Kathmandu Baglung Dailekh Dolakha and Darchula Major findings i Prevalence and magnitude of rape The findings show that the reporting and documentation of rape cases is still very marginal An average of 443 cases in a year¹ reflects a high prevalence of rape if systems are conducive for survivors to report The analysis further indicates that rape is a deeply entrenched national problem that transcends class caste ethnicity age economic educational geographical and religious status From the regional perspective Terai Madhes was rated at 46 5% MR and 45 1% OR and Jhapa 43 OR district as having the highest rate of rape According to the media review the most affected group was in Hill Janjati 39 3% and as per organizations documentation review Brahmin Chhetri and Hill Dalit 24 5% for each followed by Hill Janjati 23% The groups of minors 62 8% OR 63 6% MR and 65 9% police students 67 9% MR and 62 5% OR and unmarried women 79 4% MR and 88 3% OR were the most vulnerable and affected Though it is a fact that rape within marriage exists it remains a taboo subject which is kept well hidden and institutionalized within the family structure It was therefore difficult to identify and document marital rape related cases

Hyde,1976 Provides information for those who want to prevent rape help its victims and break the stereotype of the rapist including discussions on rape crisis centers hotlines and outdated laws and ways to change them Speaking Out Tanya Serisier,2018-11-19 This is the first critical study of feminist practices of speaking out in response to rape This book argues that feminist anti rape politics are characterised by a belief in the transformative potential of women s personal narratives of sexual violence The political mobilisation of these narratives has been an incredibly successful strategy but one with unresolved ethical questions and political limitations The book explores both the successes and the unresolved questions through feminist archival materials published narratives of sexual violence and mass media and internet sources It argues that that a rethinking of the role and place of women s stories and the politics of speaking out is vital for a rethinking of feminist politics around sexual violence and key to fresh approaches to combating this violence Men Speak Out Shira Tarrant,2013-02-11 Men Speak Out Views on Gender Sex and Power Second Edition highlights new essays on pornography pop culture queer identity Muslim masculinity and the war on women With personal candor and political insight this collection of diverse authors explores sex work digital activism incarceration domestic violence surviving incest and standing firmly as male allies facing the backlash against women s reproductive rights Featuring eleven new essays and six revised thematic sections this second edition of a favorite anthology continues to encourage robust discussion and vibrant debate about masculinity and the possibilities for progressive change The contemporary compelling essays in Men Speak Out appeal to students scholars activists and everyday readers *The Injustices of Rape* Catherine O. Jacquet,2019-09-17 From 1950 to 1980 activists in the black freedom and women s liberation movements mounted significant campaigns in response to the injustices of rape These activists challenged the dominant legal and social discourses of the day and redefined the political agenda on sexual violence for over three decades How activists framed sexual violence as either racial injustice gender injustice or both was based in their respective frameworks of oppression The dominant discourse of the black freedom movement constructed rape primarily as the product of racism and white supremacy whereas the dominant discourse of women s liberation constructed rape as the result of sexism and male supremacy In *The Injustices of Rape* Catherine O Jacquet is the first to examine these two movement responses together explaining when and why they were in conflict when and why they converged and how activists both upheld and challenged them Throughout she uses the history of antirape activism to reveal the difficulty of challenging deeply ingrained racist and sexist ideologies the unevenness of reform and the necessity of an intersectional analysis to combat social injustice *Rape On The Public Agenda* Maria Bevacqua,2000-08-10 An examination of the history development and impact of the feminist anti rape movement **Standing Up, Speaking Out** Matthew R. Meier,Casey R. Schmitt,2016-10-14 In recent decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been

paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form s capacity for social change and attempts to draw attention to a series of otherwise unrecognized rhetors who have made significant contributions to public culture through comedy

Handbook on Sexual Violence Jennifer Brown,Sandra Walklate,2011-10-19 This book contextualizes the complexity of sexual violence within its broader context from war to the resolution of interpersonal disputes and covers a wide span including sexual harassment bullying rape and murder as well as domestic violence Written by leading academics from a variety of disciplines contributions also include commentaries that relate the research to the work of practitioners Despite advances made in the investigation of sexual offences evidence still points to a continued belief in the culpability of victims in their own victimization and a gap between the estimated incidence of sexual violence and the conviction of perpetrators Adopting an implicitly and explicitly critical stance to contemporary policy responses that continue to fail in addressing this problem this book focuses on attitudes and behaviour towards sexual violence from the point of view of the individual experiencing the violence perpetrator and victim

and situates them within a broader societal frame It is through an understanding of social processes and psychological mechanisms that underpin sexual violence that violence can be combated and harm reduced and at this individual level that evidence based interventions can be designed to change policy and practice The Handbook is split into four sections Legacies Setting the Scene offers a critical overview of historical legal and cultural processes which help to explain the origins of current thinking and offer steers for future developments Theories and Concepts examines contemporary thinking on sexual violence and reviews explanatory frameworks from a number of perspectives Acts of Sexual Violence reviews a number of specific types of sexual violence elaborating the range of circumstances victims and perpetrators with a view to addressing the general and pervasive nature of such violence thus contradicting narrow cultural stereotyping Responding to Sexual Violence overviews and evaluates current policies and practices and offers new ideas to develop different types of interventions The editors conclusion not only draws out the key themes and ideas from contributions to the Handbook but also considers the nature of and the extent to which any progress has been made in understanding and responding to sexual violence This will be a key text for students and academics studying sexual violence and an essential reference tool for professionals working in the field including police officers probation staff lawyers and judges
