Speak Out Speeches Open Letters Comment:

Speaking Out Tanya Serisier, 2018-11-19 This is the first critical study of feminist practices of speaking out in response to rape This book argues that feminist anti rape politics are characterised by a belief in the transformative potential of women s personal narratives of sexual violence The political mobilisation of these narratives has been an incredibly successful strategy but one with unresolved ethical questions and political limitations The book explores both the successes and the unresolved questions through feminist archival materials published narratives of sexual violence and mass media and internet sources It argues that that a rethinking of the role and place of women s stories and the politics of speaking out is vital for a rethinking of feminist politics around sexual violence and key to fresh approaches to combating this violence

Coping with the Nazi Past Philipp Gassert, Alan E. Steinweis, 2007 These essays examine how the collective memory of Nazism and the Holocaust influenced and was influenced by politics and culture in West Germany in the 1960s They explore wide ranging issues including prosecution for war crimes student politics and restitution *Writing 20th Century*

Political Speech as a Weapon Sylvia Gonzalez-Gorman, 2018-09-20 Provides a penetrating examination of how political rhetoric from public officials creates tensions via microaggression cues due to changing demographics campaign rhetoric and the use of social media What are microaggression cues and what are examples of those cues in political rhetoric How have microaggression cues from former presidents elected officials and political candidates led to further polarization of America s citizens What are the connections between these microaggression cues the demographic shift of the United States

and the growing fear among longtime majority populations *Political Speech as a Weapon: Microaggression in a Changing Racial and Ethnic Environment* answers these questions and helps readers understand related topics such as nativism the transformation process of the U S population and cultural norms and how Americans can best respond to evolving conditions to meet these challenges Author Sylvia Gonzalez Gorman addresses a blind spot in the field of American politics and connects hostile rhetoric by public officials to the effect of such rhetoric which leads to the marginalization of groups and a polarizing cultural environment The book specifically focuses on the role of political rhetoric as a microaggression cue and clearly illustrates how these cues are a well established and damaging component of U S political culture **Speaking Out in**

Vietnam Benedict J. Tria Kerkvliet, 2019-06-15 Since 1990 public political criticism has evolved into a prominent feature of Vietnam's political landscape So argues Benedict Kerkvliet in his analysis of Communist Party ruled Vietnam *Speaking Out in Vietnam* assesses the rise and diversity of these public displays of disagreement showing that it has morphed from family whispers to large scale use of electronic media In discussing how such criticism has become widespread over the last three decades Kerkvliet focuses on four clusters of critics factory workers demanding better wages and living standards villagers demonstrating and petitioning against corruption and land confiscations citizens opposing China's encroachment into Vietnam and criticizing China Vietnam relations and dissidents objecting to the party state regime and pressing for democratization He finds that public political criticism ranges from lambasting corrupt authorities to condemning repression of bloggers to protesting about working conditions *Speaking Out in Vietnam* shows that although we may think that the party state represses public criticism in fact Vietnamese authorities often tolerate and respond positively to such public and open protests *Taking a Stand* Jared N.
