*Does Scripture Speak for Itself?* Jill Hicks-Keeton, Cavan Concannon, 2022-10-06 Is the Bible the unembellished Word of God or the product of human agency There are different answers to that question And they lie at the heart of this book's powerful exploration of the fraught ways in which money race and power shape the story of Christianity in American public life The authors subject is the Museum of the Bible in Washington DC arguably the latest example of a long line of white evangelical institutions aiming to amplify and promote a religious political and moral agenda of their own In their careful and compelling investigation Jill Hicks Keeton and Cavan Concannon disclose the ways in which the Museum's exhibits reinforce a particularized and partial interpretation of the Bible's meaning Bringing to light the Museum's implicit messaging about scriptural provenance and audience the authors reveal how the MOTB produces a version of the Bible that in essence authorizes a certain sort of white evangelical privilege promotes a view of history aligned with that same evangelical aspiration and above all protects a cohort of white evangelicals from critique They show too how the Museum collapses vital conceptual distinctions between its own conservative vision of the Bible and The Bible as a cultural icon This revelatory volume above all confirms that scripture for all the claims made for it that it speaks only divine truth can in the end never be separated from human politics

Spurgeon, 2017-12-01 He that made me whole the same said unto me Take up thy bed and walk John 5 11b Original title Miracles and Parables of Our Lord Volume 2 A deep inspiring and often challenging study of the Lord Jesus Christ s miracles and parables Men who were led by the hand or groped their way along the wall to reach Jesus were touched by his finger and went home without a guide rejoicing that Jesus Christ had opened their eyes Jesus is still able to perform such miracles And with the power of the Holy Spirit his Word will be expounded and we ll watch for the signs to follow expecting to see them at once Why shouldn t those who read this be blessed with the light of heaven This is my heart s inmost desire I can t put fine words together I ve never studied speech In fact my heart loathes the very thought of intentionally speaking with fine words when souls are in danger of eternal punishment No I work to speak straight to your hearts and consciences and if there is anyone with faith to receive God will bless them with fresh revelation Charles H Spurgeon In this second volume Charles H Spurgeon expounds in marvelous detail on the following miracles Jesus visits the pool by Bethesda and heals the crippled man John 5 Jesus heals a blind man with spit and clay John 9 **Hearing Things** Timothy Gould, 1998-11-15 What does philosophy have to do with the human voice Has contemporary philosophy banished the voice from the field of legitimate investigation Timothy Gould examines these questions through the philosopher most responsible for formulating them Stanley Cavell Hearing Things is the first work to treat systematically the relation between Cavell s pervasive authorial voice and his equally powerful though less discernible impulse to produce a set of usable philosophical methods Gould argues that a tension between voice and method unites Cavell s broad and often perplexing range of interests From Wittgenstein to Thoreau from Shakespeare to the movies and from opera to Freud Gould reveals the connection between the voice within Cavell s writing and the voices Cavell appeals to through the methods of ordinary language philosophy Within Cavell s extraordinary productivity lies a new sense of philosophical method based on elements of the act of reading Hearing Things is both an important study of Cavell s work and a major contribution to the construction of American philosophy *Critical Theory and Animal Liberation* John Sanbonmatsu, 2011-01-16 Critical Theory and Animal Liberation is the first collection to approach our relationship with other animals from the critical or left tradition in political and social thought Breaking with past treatments that have framed the problem as one of animal rights the authors instead depict the exploitation and killing of other animals as a political question of the first order The contributions highlight connections between our everyday treatment of animals and other forms of social power mass violence and domination from capitalism and patriarchy to genocide fascism and ecocide Contributors include well known writers in the field as well as scholars in other areas writing on animals for the first time Among other things the authors apply Freud s theory of
