cats ever since I left there in 1953 tried a semester of college flunked out and joined the Navy in Key West Florida and I didn't have contact with another cat until I married my wife Kay in 1962 and we bought a copper eyed Persian cat named Buzzy Buzzy lived with us for nineteen years and after he died we didn't have another cat until the nineteen eighties when a white short hair cat named Marco Polo came to our summer home in Cashiers North Carolina Marco soon had a small Maine Coon female for a friend and soon the stray started coming to our door and by the time we retired in 1993 we had anywhere from six to ten cats sharing our home But it wasn't until 1995 when we moved from Clearwater Florida to Cashiers North Carolina and found that that town and all the other towns around us had a serious problem with stray and abandoned cats and we began helping to save as many of them as we could and any other plans we had for our retirement were gone with the wind and we spent all of our years of retirement operating a no kill shelter and adoption center and we worked harder than I did a college professor and Kay as a school social worker harder than we had ever worked before When you operate a cat shelter you don't work nine to five you work seven twenty four three sixty five because cats work those same hours and they may need assistance at any time of the day or night This book tells the story of our life since we though we retired in 1993 All the stories are true I wrote the poems and put together the facts about cats and how they became pets and companions that enriched our lives The idea for a cat museum had been in our minds since we learned that there were none in America and we began buying items for a museum But it wasn't until 2017 that we were able to open a small cat museum in one room of a local antique mall and we learned that cat people did indeed want to visit a cat museum and people from all over the world have come to visit I hope I live forever but my wife died at age 87 so it is unlikely I will live forever and when I do I hope all the people who love cats will come together and help the museum live on after me with donations to the cause Information of how you can help can be found on the last few pages on this book Please buy a copy learn more about your cats and help the museum to live on into the future to educate and entertain cat lovers in the near and far future **Cat Speak** Brigitte Rauth-Widmann, 2021-10-04 This unique book offers detailed observations of the behaviour of cats and explains in everyday language how to interpret their meaning Essential reading for anyone who wants to understand more about their cat

The Accommodated Animal Laurie Shannon,2024-05-31 Shakespeare wrote of lions shrews horned toads curs mastiffs and hellhounds But the word animal itself only appears very rarely in his work which was in keeping with sixteenth century usage As Laurie Shannon reveals in *The Accommodated Animal* the modern human animal divide first came strongly into play in the seventeenth century with Descartes s famous formulation that reason sets humans above other species I think therefore I am Before that moment animals could claim a firmer place alongside humans in a larger vision of belonging or what she terms cosmopolity With Shakespeare as her touchstone Shannon explores the creaturely dispensation that existed until Descartes She finds that early modern writers used classical natural history and readings of Genesis to credit animals with various kinds of stakeholdership prerogative and entitlement employing the language of politics in a constitutional vision of cosmic membership Using this political idiom to frame cross species relations Shannon argues carried with it the notion that animals possess their own investments in the world a point distinct from the question of whether animals have reason It also enabled a sharp critique of the tyranny of humankind By answering the question of the animal historically *The Accommodated Animal* makes a brilliant contribution to cross disciplinary debates engaging animal studies political theory intellectual history and literary studies
