*Poetics of Listening* Brandon LaBelle, 2025-03-20 In Poetics of Listening renowned sound studies scholar Brandon LaBelle brings critical attention to listening as a practice one that can wield significant impact onto individual interpersonal and community wellbeing From self determination to social participation somatic healing to collective repair political recognition to ecological engagement listening is vitally influential in negotiating our most fundamental challenges Through thoughtful examinations of listening s role across society Poetics of Listening convincingly shows listening to be not only important to social struggles but a form of poetic imagination and communion It moves listening toward a broader application and view which includes the ability to listen across human and more than human worlds to listen into or with one s body or to listen out for futures to come as well as addressing unfinished histories and it challenges us to think more broadly about what it means to hear and be heard within today s complex environments

**The Poetics of Transubstantiation** Douglas Burnham, 2017-03-02 The essays in this collection explore the concept of transubstantiation its adaptations and transformations in English and European culture from the Elizabethans to the twentieth century Favoring an interartistic and comparative perspective a wide range of critical approaches from the philosophical to the semiological from cultural materialism to gender and queer studies are brought to bear on authors ranging from Descartes Shakespeare and Joyce to Macpherson Madox Ford and Winterson as well as on contemporary sculpture and an Italian adaptation of Conrad for the screen in an unusually comic vein The volume edited by Douglas Burnham of Staffordshire University and by Enrico Giaccherini of Pisa University will be of interest to those concerned with

**W.H. Auden's "The Healing Fountain" Read through A. Aviram's Theory of Poetic Rhythm** Boutheina Boughnim Laarif, 2018-04-18 Although Auden has often been hailed as the twentieth century s master of metre and most outstanding practitioner of traditional poetic forms his metrical art still remains a mystery as far as its real significance is concerned This book sheds new light on the enticing appeal of formal poetry which induced Auden into composing in almost every possible stanza form In order to work out a new appreciative assessment of Auden s formal art the book uses Amittai Aviram s theory of poetic rhythm which transcends the common literary critical process based on the rhetorical assessment of rhythm in poetry Aviram s theory clearly revolutionises our common methods of interpretation regarding rhythm rather than meaning as the starting point in reading poetry it is the poem s ideas and theme which express and strengthen rhythm not the other way round Such conception of rhythm as allegorized by meaning images and metaphors breathes new life into the outworn Russian formalist tradition Turning to Auden s poetry today may be said to be urged by both literary and political contexts in an age marked by uncertainties and an upsurge of violence poetry s voice regrettably reverberates less forcefully sinking into a state of formal loosening As such this book may be said to be prompted by a necessity to revive the interest in Auden s poetry especially given its recent neglect A reconsideration of Auden s conception of the nature of poetry and its status enables us to encrypt his verbal art assess its multiple effects and appreciate the metrical range that has helped the poet handle so subtly his twofold inquiry What is poetry What is its use

*Forbidden Fictions* John Phillips, 1999-01-20 Phillips discusses texts by Apollinaire Pierre Lo ys Georges Bataille Pauline R age Alain Robbe Grillet Tony Duvert Elizabeth Barill and Marie Darrieussecq engaging in different levels of critical analysis so as to emphasize intertextual and parodic elements in one case or points of possible identification in another TLS French culture has long been perceived by the English speaking reader as somehow more erotic than its Anglo Saxon equivalent *Forbidden Fictions* is the first English language study devoted exclusively to the wide spectrum of French literary pornography in the twentieth century John Phillips provides a broad history of the genre and the associated moral and political issues Among the texts examined in detail all selected for their literary or sociopolitical importance are landmark works by Apollinaire Lou s Bataille R age Robbe Grillet Arsan and Duvert Phillips challenges current politically correct trends in literary criticism and stereotyped censoring discourses about pornography to provide a new reading of each text and to illustrate the genre s potential for social subversion *Forbidden Fictions* addresses the most controversial issues of contemporary sexual politics

such as objectification sadomasochism homoeroticism and paedophilia with particular emphasis on the feminist debate on pornography In the light of current controversy over the control of pornography this is a timely and scholarly review of the ethical moral and social arguments surrounding the censorship of sexually explicit material      **Poetic Leaps in Zen'S**

**Journey of Enlightenment** Yong Zhi,2012-08-09 While the philosophical discussion of Zen spirituality reaches its limit poetry offers an effective expression of the sublime experiences From a poetic perspective enlightenment is understood as poetic leaps in the spiritual journey which brings people from the habitually or conventionally established world toward new horizons of consciousness This leap is a breakthrough in the overall consciousness rather than a progression in contemplative thought Therefore it cannot be adequately described through abstract representation but poetry can metaphorically capture this leap and reveal both the spiritual meaning and the practical wisdom of enlightenment This book will take you on this fantastic journey of enlightenment      **Speaking the Unspeakable** Peter Michelson,1993-01-01 This book studies the

**American Poetry and Americana Music** Linda Nicole Blair,2021-06-10 From the poems of Anne Bradstreet Phillis Wheatley and Emily Dickinson emerges what the author calls FemPoetiks a discourse of female empowerment Situating the work of these poets in their historical eras Linda Nicole Blair considers a sampling of their poems side by side with a number of song lyrics by singer songwriters Brandi Carlile Rhiannon Giddens and Lucinda Williams having found commonalities of theme motif and language between them Blair argues that while FemPoetiks has continued to develop in various ways in American poetry by women the fact that this discourse finds expression in songs by Americana female artists indicates a matrilineal line of influence from the 1630s to today In order to show the omnipresence of this powerful feminist discourse she closes this book with eleven interviews she conducted with female singer songwriters from around the United States The phenomenon of FemPoetiks is not limited to the arts but extends into all areas of American life from the domestic to the political FemPoetiks is a woman s truth      **Visible Deeds of Music** Simon Shaw-Miller,Simon Miller,2002-01-01 This text

Reuven Tsur,2015-11-03 This book studies how poetic structure transforms verbal imitations of religious experience into concepts The book investigates how such a conceptual language can convey such non conceptual experiences as meditation

ecstasy or mystic insights Briefly it explores how the poet by using words can express the ineffable It submits to close reading English French German Spanish Italian Armenian and Hebrew texts from the Bible through medieval renaissance metaphysical and baroque poetry to romantic and symbolistic poetry      **Another Throat** Ryan Sharp, 2024-10-25 The early twenty first century has seen a sharp rise in Black US poets employing the mask of persona often including and interrogating archival materials as they do so While some have observed this rise and noted its connection to historical figures Ryan Sharp explores it more deeply as a project based historical and poetic practice Sharp examines its sustained use of historical persona and capacity for conjuring Black speakers as a countermeasure against the archival silencing and misrepresentation of Black voices and histories a tactic he theorizes as poetic fabulation through the poetry of Elizabeth Alexander Cornelius Eady Adrian Matejka Patricia Smith Natasha Trethewey and Frank X Walker This poetic practice is not only about looking back but about critically and creatively re imagining the past to expand the possibilities for Black presents and futures Through his argument Sharp demonstrates how the unique aesthetic and rhetorical license afforded to poetry along with the interiority of persona empowers such historically minded projects to be concurrently invested in the curation of Black narratives and identities      **Is this a Culture of Trauma? An Interdisciplinary Perspective** Jessica Aliaga
