Historical Dictionary of the 1940s James Gilbert Ryan, Leonard C Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century s most tumultuous decades In nearly 600 concise entries the volume quickly defines a historical figure institution or event and then points readers to three sources that treat the subject in depth In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it with coverage of people movements court cases and economic social cultural political military and technological changes The book focuses chiefly on the United States but places American lives and events firmly within a global context Imperial Theory and Colonial Pragmatism David J. Gilchrist, 2017-09-04 This book considers the role played by co operative agriculture as a critical economic model which in Australia helped build public capital drive economic development and impact political arrangements In the case of colonial Western Australia the story of agricultural co operation is inseparable from that of the story of Charles Harper Was a self starting pioneering frontiersman who became a political commercial and agricultural leader in the British Empire s most isolated colony during the second half of the Victorian era He was convinced of the successful economic future of Western Australia but also pragmatic enough to appreciate that the unique challenges facing the colony were only going to be resolved by the application of unorthodox thinking Using Harper's life as a foil this book examines Imperial economic thinking in relation to the co operative form of economic organisation the development of public capital and socialism It uses this discussion to demonstrate the transfer of socialistic ideas from the centre of the Empire to the farthest reaches of the Antipodes where they were used to provide a rhetorical crutch in support of purely pragmatic co operative establishments
