Parmar, 2004-03-31 What is the role of elites in shaping foreign policy Did unaccountable foreign policy elites shape the post 1945 world order Chatham House and the Council on Foreign Relations were vital in America s shift from isolationism to globalism and in Britain s shift from Empire to its current pro American orientation and were also fundamental in engineering public backing for a new world order Inderjeet Parmar presents new evidence to show how well organized and well connected elite think tanks helped to change the world **Twentieth-Century Anglo-American Relations** J. Hollowell, 2001-06-18 New research by several leading political historians creates a detailed and diverse study of Anglo American relations in the twentieth century Declassified documents provide unique insight into the personal relationships between Eisenhower and Eden and Lyndon Johnson and Harold Wilson This volume offers a breadth of scholarship drawn from three continents and examines the diplomatic negotiations powerful personalities and political considerations at the heart of British American affairs **Turf War** Timothy J. Lynch, 2019-05-23 First published in 2004 this provocative and remarkable book is the first significant study of how the Clinton administration revolutionized US policy toward Northern Ireland in the 1990s Based on interviews with the major actors in the episode Timothy Lynch examines in detail how the internal American turf war fought over Northern Ireland shaped the quality and character of US engagement Turf War will be essential reading for all those seeking to understand American policy toward Northern Ireland the institutional dynamics of US foreign policy after the cold war the perils of locking terrorists into a democratic process and US interventions more broadly *June 1940, Great Britain and the First Attempt to Build a European Union* Andrea Bosco, 2016-06-22 June 2016 represents a significant moment in British history The decision to leave the European Union at the most critical period since its existence could bring unpredictable and far reaching consequences both for the United Kingdom and the Union itself June 1940 was also a turning point in British history On the afternoon of 16 June a few hours before the French Government opted for the capitulation Churchill made on behalf of the British Government an offer of indissoluble union When a sceptical Churchill put forward to the British Cabinet the text of the declaration drafted by Jean Monnet Sir Arthur Salter and Robert Vansittart he was surprised at the amount of support it received The Cabinet adopted the document with some minor amendments and de Gaulle who saw it as a means of

keeping France in the war telephoned Reynaud with the proposal for an indissoluble union with joint organs of defence foreign financial and economic policies a common citizenship and a single War Cabinet The proposal however never reached the table of the French Government The spirit of capitulation embodied in Weygand and P tain prevailed and France submitted herself to the German will for the second time in seventy years After the Munich crisis Great Britain had to face the danger of another European war with the inevitable loss of the Empire and it was at this point that the country first began to favour the application of the federalist principle to Anglo French relations In this conversion to federalism a fundamental role was played by the Federal Union the first federalist movement organised on a popular basis The contribution of Federal Union to the development of the federal idea in Great Britain and Europe was to express and organise the beginning of a new political militancy and it represented the first step of a historical process the overcoming of the nation State the modern political formula which institutionalises the political division of mankind This study principally examines the first eighteen months of the Federal Union during which time it was able to raise itself to the attention of the general public and the political class as the heir of the League of Nations Union The research is based on extensive unpublished archival material found across the globe from London Oxford Brighton and Edinburgh to Washington Paris and Geneva
