Texts ... and English Translations ... El-Shamy,2010-03-15 In this book Hasan M El Shamy has gathered the first authentic new collection of modern Egyptian folk narratives to appear in nearly a century El Shamy s English translations of these orally presented stories not only preserve their spirit but give Middle Eastern lore the scholarly attention it has long deserved This collection of seventy recently collected Egyptian tales is a major contribution to African studies and to international distribution studies of folktales In the face of the recent anthropological trend to use folkloric materials for

extra folkloric purposes the preeminence of the text must be asserted once more and these are obviously authentic straightforwardly translated fully documented as to date of collection and social category of informant and for all that readable Daniel J Crowley Research in African Literatures Western knowledge of virtually all facets of contemporary Egyptian culture much less the roots of that culture is woefully inadequate By providing an interesting varied and readable collection of Egyptian folktales and offering clear and sensible accounts of their background and meaning this book renders a valuable service indeed Kenneth J Perkins International Journal of Oral History Publications Folklore Society (Great Britain),1923 Folklore Joseph Jacobs,Alfred Trübner Nutt,Arthur Robinson Wright,William Crooke,1922 Most vols for 1890 contain list of members of the Folk lore Society **Man** ,1920 In 1995 Man became Journal of the Royal Anthropological Institute The volumes under the current title do not yet appear in the database as JSTOR coverage of the journal currently ends at 1993 *Historical Dictionary of Zambia* Bizeck Jube Phiri,Thokozile Shaba,2023-08-15 Zambia is a nation with a long record of peace that has enjoyed decades of constitutional rule and even in recent years an increasingly competitive democracy Peace constitutionalism democracy and nationhood face constant challenges such as in the elections of 2006 when the ugly language of ethnic confrontation found renewed currency Moreover Zambia s economic record and prospects are less equivocal after over four decades per capita incomes are lower than they were at the dawn of independence Historical Dictionary of Zambia Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Zambia
