**Shakespeare, Cinema, Counter-Culture**

Ailsa Ferguson, 2016-06-23 Addressing for the first time Shakespeare's place in counter cultural cinema this book examines and theorizes counter hegemonic postmodern and post punk Shakespeare in late 20th and early 21st century film Drawing on a diverse range of case studies Grant Ferguson presents an interdisciplinary approach that offers new theories on the nature and application of Shakespearean appropriations in the light of postmodern modes of representation The book considers the nature of the Shakespearean inter text in subcultural political contexts concerning the politicized aesthetics of a Shakespearean body in pieces the carnivalesque and notions of Shakespeare as counter hegemonic weapon or source of empowerment Representative films use Shakespeare and his accompanying cultural capital to challenge notions of capitalist globalization dominant socio cultural ideologies and hegemonic modes of expression In response to a post modern culture saturated with logos and semiotic abbreviations many such films play with the emblematic imagery and references of Shakespeare's texts These curious appropriations have much to reveal about the elusive nature of intertextuality in late postmodern culture and the battle for cultural ownership of Shakespeare As there has yet to be a study that isolates and theorizes modes of Shakespearean production that specifically demonstrate resistance to the social political ideological aesthetic and cinematic norms of the Western world this book expands the dialogue around such texts and interprets their patterns of appropriation adaptation and representation of Shakespeare
