SOURCES & CRITICISMS  
OF MODERN NIHILISM

DONALD A. CROSBY

# Specter Of The Absurd

**Donald A. Crosby**

## **Specter Of The Absurd:**

**The Specter of the Absurd** Donald A. Crosby, 2016-03-22 This book is our century's most comprehensive and wise treatment of nihilism in all of its guises comparing favorably with Rosen Cavell and indeed with Spengler Crosby argues that our culture is genuinely haunted by nihilism expressing itself in the fideism of fundamentalism as well as in the debilitating alienation from all orientation This results from a one-sided development of Western culture Unlike most writers on this topic Crosby acknowledges many sources colluding to frame the culture of nihilism including the death of God the objectification of nature the meaninglessness of suffering in a mechanical universe the ephemerality of time in a world where value does not accumulate the arbitrariness of historicized reason the reduction of value to will and the alienation of the Cartesian ego These sources are reviewed in the first two parts of the book with the result that the phenomenon of nihilism becomes understandable In its third and fourth parts Crosby provides a critical analysis of the religious and philosophical forces leading to nihilism by discussing authors from the early modern period through Dostoyevsky Sartre Russell and Derrida He shows that these forces are skewed and impoverished and should not be allowed to determine our situation The comprehensive attention to detail and the multi-perspectival interpretation demonstrates as well as asserts the richness of the culture that puts nihilism in its place Part Five finally rephrases the criticism of the sources of nihilism in positive ways Part Four in particular is a tour de force of philosophical argument Its richness of nuance plurality of views examined and adroitness of critical interpretation provide cumulatively a powerful non-nihilistic reading of the philosophic tradition The force of the argument derives from its comprehensive cumulative character Crosby distinguishes and relates five areas of nihilism political moral epistemological cosmic and existential Throughout the book he illustrates and examines these as they are expressed in literature and art in daily life and practical affairs and in philosophy The book is richly erudite in its marshalling of consciousness from so many domains

Analyzing Adventure Time Paul A. Thomas, 2023-07-06 In 2010 Cartoon Network debuted a new animated series called Adventure Time and within just a few short years the show became both a pop culture phenomenon and a critical darling But despite all the admiration not many works of scholarship have assessed the show through a critical lens This anthology is an attempt to fill this scholarly oversight and spark a wider conversation about the show's deeper themes Across 15 scholarly essays this book's contributors study Adventure Time from a variety of angles proving just how insightful the series really is From a consideration of BMO's queer identity to a psychoanalytic reading of Lemongrab and an examination of how anime has impacted the show the topics explored in this anthology are diverse and unique and are likely to appeal to scholars and fans alike

*Oscar Wilde and Nihilism* Colin Cavendish-Jones, 2025-03-14 Oscar Wilde and Nihilism examines Wilde's major works in the context of nineteenth-century philosophical nihilism and the Victorian religious unsettlement The book covers Wilde's plays the fairy tales The Picture of Dorian Gray the critical writings and De Profundis to show how Wilde's thinking about nihilism developed over the course of

his career profoundly influencing the tone and message of his work Like Nietzsche Wilde came to regard art as the only effective counterforce to the problem of nihilism a uniquely consistent source of order and meaning in a godless universe The book is intended for the general reader with an interest in nihilism aesthetics or Wilde as well as for more specialist scholars The aim is to provide the reader with the answers of an exceptionally brilliant and original intellect to the most compelling problem in philosophy how to find meaning and purpose in life

**Absurdity and Meaning in Contemporary Philosophy and Jewish Thought** Alan L. Mittleman, 2023-11-02 Explores the search for life's meaning in contemporary philosophy and in Jewish thought bringing the two into mutual respectful conversation

Rethinking the Politics of Absurdity Matthew H. Bowker, 2013-11-12 What does it mean to describe something or someone as absurd Why did absurd philosophy and literature become so popular amidst the violent conflicts and terrors of the mid to late twentieth century Is it possible to understand absurdity not as a feature of events but as a psychological posture or stance If so what are the objectives dynamics and repercussions of the absurd stance And in what ways has the absurd stance continued to shape postmodern thought and contemporary culture In *Rethinking the Politics of Absurdity* Matthew H Bowker offers a surprising account of absurdity as a widespread endeavor to make parts of our experience meaningless In the last century he argues fears about subjects destructive desires have combined with fears about rationality in a way that has made the absurd stance seem attractive Drawing upon diverse sources from philosophy literature politics psychoanalysis theology and contemporary culture Bowker identifies the absurd effort to make aspects of our histories our selves and our public projects meaningless with postmodern revolts against reason and subjectivity Weaving together analyses of the work of Albert Camus Georges Bataille Judith Butler Emmanuel Levinas and others with interview data and popular narratives of apocalypse and survival Bowker shows that the absurd stance and the postmodern revolt invite a kind of bargain in which meaning is sacrificed in exchange for the survival of innocence Bowker asks us to consider that the very premise of this bargain is false that ethical subjects and healthy communities cannot be created in absurdity Instead we must make meaningful even the most shocking losses terrors and destructive powers with which we live Bowker's book will be of interest to scholars and practitioners in the fields of political science philosophy literature psychoanalysis sociology and cultural studies

**The Passions** Robert C. Solomon, 1993-01-01 An abridged reprint of the Doubleday edition of 1976 with new preface and conclusion by the author

*Schopenhauer and the Aesthetic Standpoint* Sophia Vasalou, 2013-07-18 With its pessimistic vision and bleak message of world denial it has often been difficult to know how to engage with Schopenhauer's philosophy Schopenhauer's arguments have seemed flawed and his doctrines marred by inconsistencies his very pessimism almost too flamboyant to be believable Yet a way of redrawing this engagement stands open Sophia Vasalou argues if we attend more closely to the visionary power of Schopenhauer's work The aim of this book is to place the aesthetic character of Schopenhauer's standpoint at the heart of the way we read his philosophy and the way we answer the question why read Schopenhauer and how Approaching his

philosophy as an enactment of the sublime with a longer history in the ancient philosophical tradition Vasalou provides a fresh way of assessing Schopenhauer's relevance in critical terms This book will be valuable for students and scholars with an interest in post Kantian philosophy and ancient ethics *In the Shadow of the Holocaust & Other Essays* Constantin V. Ponomareff,2023-12-14 The main thrust of this collection of essays excluding those on Russian literature is to visualize the European Holocaust from a number of different vantage points the historical and cultural the political and individual the psychological and social and the critical and literary This wider perspective especially as it relates to the range and extent of human suffering suggests that a redefinition of the twentieth century Holocaust is now timely Max Stirner and Nihilism Tim Dowdall,Timothy Dowdall,2024 A reassessment of the controversial long marginalized yet still influential nineteenth century German philosopher that explores the contentious issue of whether he was as his critics frequently claim a nihilist Max Stirner 1806 1856 is often regarded as an enfant terrible of nineteenth century German philosophy but he has continued to exert an influence despite his marginalization as a nihilist This study is the first to tackle head on the question of whether Stirner can indeed reasonably be described as a nihilist Although he is not known ever to have used the word nihilism or any of its derivatives he was first accused of being a nihilist immediately after the publication of his magnum opus *Der Einzige und sein Eigentum* translated in most English editions as *The Ego and His Own* in 1844 Since then the allegation has been repeated by well over a hundred writers and critics with the result that it has become something of a truism The book aims first to establish a clear understanding of the multifarious meanings of the term nihilism second to examine the accusations leveled at Stirner in the light of those meanings and third to assess not only the fairness and accuracy of the imputation of nihilism but also its usefulness in understanding Stirner as a thinker It thus provides new insights into Stirner's thought challenges the orthodox view of him as a philosophical pariah reassesses his ideas and their place in the history of philosophy and addresses the recurrent issue of his contemporary relevance A Religion of Nature Donald A. Crosby,2012-02-01 The beauty sublimity and wonder of nature have been justly celebrated in all of the religious traditions of the world but usually these traditions have focused on beings or powers presumed to lie behind nature providing nature's ultimate explanation and meaning In a radical departure Donald A Crosby makes an eloquent case for regarding nature itself as the focus of religion conceived without God gods or animating spirits of any kind and argues that nature is metaphysically ultimate He explores the concept of nature the place of humans in nature the responsibilities of humans to one another and to their natural environments and offers a religious vision that grants to nature the kind of reverence awe love and devotion formerly reserved for God Crosby also shares his personal journey from theistic faith to a religion of nature **God Rises Against Isis** Mouhannad Moses,2018-05-17 Evil is not an entity that exists in one single group of people in a certain place or in a particular time Evil is a phenomenon a desire a thought a philosophy a means and a practice that emerged when Adam and Eve broke their covenant with God Today evil manifests itself in global terrorism in dangerous philosophical ideals in

scientific hypotheses and in traditions cultures and everyday acts that are not in line with Godbribes sexual misconduct abuse bias corruption and inappropriate words and actions alike God Rises against ISIS is about God people and good and evil it is about life Jesus said in the gospel of John 10 10 The thief comes only to steal and kill and destroy I have come that they may have life and have it to the full Author Mouhannad Moses demonstrates this fact in its most intrinsic elements showing how from history to philosophy from fiction to science and from religion to atheism the two absolutes of good and evil triumph in virtue of their realities But the only other absolute that determines their prevalence is God Take a good look at the world What do you see There is too much evil and not enough good The equation is simple and cannot be falsified people with God is equal to good while people without God is equal to evil The time is now to embrace God and add to the good

**Encyclopedia of Ethics** Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more

*Conscience and Jung's Moral Vision* David W. Robinson, 2005 David Robinson's new book is unique in that it provides an extended critical exposition of Jung's moral psychology and a comparative analysis of his theory of conscience in particular The author corrects this absence by providing a fresh and original reading of Jung In contrast to simplistic stereotypes he demonstrates that moral struggle with all of its relational behavioral and spiritual implications is at the heart of his psychology The concept of conscience serves as the locus of this apologetic for his contemporary significance Further this book offers a positive theory for identifying and describing the primary sources of contemporary moral nihilism namely reductive naturalism scientism and epistemological relativism perspectivalism The logic and root assumptions of these theoretical viewpoints are then engaged and qualified if not refuted through an extended comparative discussion of the theories of Freud and Nietzsche with those of Jung

*Topography of Trauma: Fissures, Disruptions and Transfigurations*, 2019-08-26 This volume addresses trauma not only from a theoretical descriptive and therapeutic perspective but also through the survivor as narrator meaning maker and presenter By conceptualising different outlooks on trauma exploring transfigurations in writing and art and engaging trauma through scriptotherapy dharma art autoethnography photovoice and choreography the interdisciplinary dialogue highlights the need for rethinking and re-examining trauma as classical treatments geared towards healing do not recognise the potential for transfiguration inherent in the trauma itself The investigation of the fissures disruptions and shifts after punctual traumatic events or prolonged exposure to verbal and physical abuse illness war captivity incarceration and chemical exposure amongst others leads to a new understanding of the transformed self and empowering post-traumatic developments Contributors are Peter Bray Francesca Brencio Mark Callaghan M Candace

Christensen Diedra L Clay Leanne Dodd Marie France Forcier Gen ichiro Itakura Jacqueline Linder Elwin Susan John Kori D Novak Cassie Pedersen Danielle Schaub Nicholas Quin Serenati Asl Tekinay Tony M Vinci and Claudio Zanini *Is Human Life Absurd? A Philosophical Inquiry into Finitude, Value, and Meaning* Raymond Angelo Belliotti, 2019-06-24 In this work Belliotti unravels the paradoxes of human existence The purpose of this philosophical journey is to reveal paths for forging meaningful significant valuable even important lives By examining notions of The Absurd expressed within Search for the Holy Grail The Seventh Seal and The Big Lebowski the author crafts a working definition of absurdity He then investigates the contributions of classical thinkers such as Shakespeare Schopenhauer Nietzsche Kierkegaard Tolstoy Sartre Camus as well as philosophers such as Nagel Feinberg and Taylor After arguing that human life is not inherently absurd Belliotti examines the implications of mortality for human existence the relationship between subjective and objective meaning and the persuasiveness of several challenging contemporary renderings of meaningful human lives **Bede and the Cosmos** Eoghan Ahern, 2020-05-26 Bede and the Cosmos examines Bede s cosmology his understanding of the universe and its laws It explores his ideas regarding both the structure and mechanics of the created world and the relationship of that world to its Creator Beginning with On the Nature of Things and moving on to survey his writings in other genres it demonstrates the key role that natural philosophy played in shaping Bede s worldview and explores the ramifications that this had on his cultural theological and historical thought From questions about angelic bodies and the destruction of the world at judgement day to subtle arguments about free will and the meaning of history Bede s fascinating and unique engagement with the natural world is explored in this comprehensive study *Screening Scripture* George Aichele, Richard G. Walsh, 2002-05-01 An intertextual examination of popular films and scripture **Instrumental Data for Drug Analysis, Second Edition** Terry Mills, III, 1992-09-17 Compiled with the most sophisticated chromatographic and spectrometric instruments available this complete and self contained seven volume reference provides forensic toxicology and clinical laboratories with up to date information on 1 600 drugs and drug related compounds one of the largest collections of analytical data generated from a single source Instrumental Data for Drug Analysis contains timely quality data presented in a large easily usable format It is an essential reference in the libraries of all toxicology analytical chemistry and forensic specialists and laboratories **Impact of Restructuring of the S and L Industry** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Antitrust, Monopolies, and Business Rights, 1991 **University of Kansas City Review** , 1960
