Spectrum Of Catholic Attitudes:

Spectrum of Catholic Attitudes Robert Campbell, William F. Buckley (Jr.), 1969 **Catholic Intellectuals and Conservative Politics in America, 1950-1985** Patrick Allitt, 2019-01-24 At the end of World War II conservatism was a negligible element in U S politics but by 1980 it had risen to a dominant position Patrick Allitt helps explain the remarkable growth of the contemporary conservative movement in the light of Catholic history in the United States Allitt focuses on the role of individual Catholics against a backdrop of volatile cultural change showing how such figures as William F Buckley Jr Garry Wills John T Noonan Jr Michael Novak John Lukacs Thomas Molnar Russell Kirk Clare Boothe Luce Ellen Wilson Charles Rice and James McFadden forged a potent anti liberal intellectual tradition Catholic Intellectuals and Conservative Politics in America 1950 1985 is much more than a history of conservative Catholics for it illuminates critical themes in postwar American society As Allitt narrates the interplay of liberal and conservative politics among Catholics he unfolds a history both intricate and sweeping After describing how New Conservatism was shaped in the 1950s by William F Buckley Jr and an older generation of Catholic thinkers including Ross Hoffman and Francis Graham Wilson Allitt traces the range of Catholic responses to the cataclysmic events of the 1960s the election of John F Kennedy the civil rights movement the decolonization of Africa Supreme Court decisions on school prayer the war in Vietnam and nuclear arms proliferation He shows how the transformation of the Church prompted by the Second Vatican Council not only intensified existing divisions among Catholics but also shattered the unity of the Catholic conservative movement Turning to the 1970s Allitt chronicles bitter controversies concerning family roles contraception abortion and gay rights Next comparing the work of John Lukacs Thomas Molnar Garry Wills and Michael Novak from the 1950s through the 1980s Allitt demonstrates how individual Catholic conservatives drew different lessons from similar contingencies He concludes by assessing recent ideological shifts within American Catholicism using as his test case the conservative resistance to the Catholic Bishops 1983 Pastoral Letter on Nuclear Weapons Offering new insight into the subtle interplay between religion and politics Catholic Intellectuals and Conservative Politics in America 1950 1985 will be engaging reading for everyone interested in the postwar evolution of American politics and culture American Zionism: Missions and Politics Jeffrey Gurock, 2014-02-04 The final volume comprises articles which take a look at the political movement for the establishment of a national homeland for the Jewish people The twenty one articles cover subjects such as the historical emergence of Zionism attitudes towards the Zionist and Anti Zionist movements in America and the developments of trusteeship for the Palestine The Suicide of Christian Theology John Warwick Montgomery, 2018-01-26 A forceful scholarly call to return to the solid ground of the ancient creeds of Christianity Dr Montgomery's incisive observations on Barth Bultmann Tillich de Chardin Pike and others may rankle some readers on occasion But there can never be any question about the mental acumen he brings to bear upon his subject or the skill with which he pens his views Montgomery is so obviously at home in the area of the theological and so conversant with

the convictions of his fellow theologians that he certainly must be reckoned with Not content with only analyzing the suicide of theology the author also gives a proposal for its resurrection **Catholic School Journal** ,1969 *Catholics Writing the Nation in Early Modern Britain and Ireland* Christopher Highley,2008-07-10 After the accession of the Protestant Elizabeth the Catholic imagining of England was mainly the project of the exiles who had left their homeland in search of religious toleration and foreign assistance BOOK JACKET **Christ as Centre and Circumference** John Warwick Montgomery,2012-07-23 Endorsements Dr Montgomery s latest book is one that every serious reader interested in clear Christian thinking should have on a table near her most comfortable reading chair It is filled with a wide variety of bite sized essays that are absolutely delightful knowledgeable fun witty and unexpected If you have never read the work of J W Montgomery before you are in for a treat This is a book that brings together his best writing from the past with his latest essays It s a Christian feast of ideas that celebrates our Lord and His unfailing Word Craig J Hazen Ph D Director MA Program in Christian Apologetics Biola University What makes J W Montgomery tick What has driven him over a massively productive career to such wide ranging interests as computers and Chemnitz legal theory and apologetics human rights and Christology Dawkins and Duchamp The answer is clear the gospel of Jesus Christ and its defense articulation and application to the real world in which the Word became flesh died and rose again as the Savior Many of our best confessional era theologians both Lutheran and Reformed were Renaissance men but that s rarely the case today Dr Montgomery is a glaring exception and this book is a wonderful display of that full scope of his remarkable insights While being an ardent defender of the Lutheran confession he is far from parochial Even in places where one might disagree the clarity logic and relentless rigor of his arguments will kindle fires in hearths that we didn t even know we had and make us better advocates for the gospel Dr Michael Horton J Gresham Machen Professor of Systematic Theology and Apologetics Westminster Seminary California About the Contributor s John Warwick Montgomery is Professor Emeritus of Law and Humanities University of Bedfordshire England Distinguished Research Professor of Philosophy and Christian Thought Patrick Henry College Virginia U S A and Director International Academy of Apologetics Evangelism and Human Rights Strasbourg France He holds ten earned degrees besides a Doctorate in Philosophy from the University of Chicago the Doctorat d Universit from Strasbourg France and the LL M and LL D from the University of Cardiff Wales UK A frequent contributor to Christianity Today Dr Montgomery has been honored by inclusion in Who s Who in America Who s Who in France and The Dictionary of International Biography He is the author of some thirty books in the areas of theology philosophy and church history He pleads cases before the European Court of Human Rights and has received the Patriarch s Medal of the Romanian Orthodox Church for his efforts in behalf of religious liberty He is an ordained Lutheran pastor Websites **The Medium and the Light** Michael McLuhan,2010-03-01 Say the name Marshall McLuhan and you think of the great discover s explorations of the media But throughout his life McLuhan never stopped reflecting profoundly on the nature of God and worship and on the

traditions of the Church Often other intellectuals and artists would ask him incredulously Are you really a Catholic He would answer Yes I am a Catholic the worst kind a convert leaving them more baffled than before Here like a golden thread lining his public utterances on the media are McLuhan s brilliant probes into the nature of conversion the church s understanding of media the shape of tomorrow s church religion and youth and the God making machines of the modern world This fascinating collection gathered from his many and scattered remarks essays and other writings shows the deeply Christian side of a man widely considered the most important thinker of our time a man whose insights into media and culture have revolutionized the field of media study and the way we see the world

Crisis in Lutheran Theology, Vol. 3 John

Warwick Montgomery,2020-06-17 All Three volumes deal with the issue of biblical inerrancy that the Bible is completely true and accurate not only when it speaks to ideas of religious belief but also when it speaks about factual elements of history and science properly understood This issue rocked the Lutheran Church Missouri Synod back in the late 1960s and early 1970s prompting the release of the first two volumes Volume one consists of essays by John Warwick Montgomery himself and is addressed primarily to theologians Volume two consists of an anthology by eight separate Lutheran contributors and is addressed to laymen as well as professional theologians Volume 3 contains new never before published material and consists of essays by Dr Montgomery outlining a new challenge along the same lines Dr Jeffery Kloha suggested a few years ago with the latest critical edition of the New Testament Nestle Aland 28th Edition because of the interchangeability of some variant readings that we now had a plastic text Dr Montgomery goes up against this assertion with everything he has Though obviously addressing themselves primarily to Lutheranism the materials are to a large degree equally applicable to many of the other Christian communions and will be found to be extremely valuable in assessing the needs of a variety of denominations

Defending the Gospel in Legal Style John Warwick Montgomery,2017-10-25 Traditional apologetics is

either focused on obscure quasi Thomist philosophical arguments for God s existence or on 18th century style answers to alleged biblical contradictions But a new approach has recently entered the picture the juridical defence of historic Christian faith with its particular concern for demonstrating Jesus s deity and saving work for humankind The undisputed leader of this movement is John Warwick Montgomery emeritus professor of law and humanities University of Bedfordshire England and director International Academy of Apologetics Evangelism and Human Rights Strasbourg France His latest book of more than sixty published during his career shows the strength of legal apologetics its arguments drawn from secular legal reasoning can be rejected only at the cost of jettisoning the legal system itself on which every civilised society depends for its very existence The present work also includes theological essays on vital topics of the day characterised by the author s well known humour and skill for lucid communication

Follow Your Conscience Peter Cajka,2021-05-05 Introduction The conscience problem and Catholic doctrine Political origins totalitarianism world war and mass conscription The State s paperwork and the Catholic Peace Fellowship Sex conscience and the American Catholic Church 1968 Psychology and the

self The conscience lobby Beyond the Catholic Church **Deadly Indifference** Eric Sammons,2021-05-25 Eric Sammons a former diocesan director of evangelization and now the editor in chief of Crisis Magazine pulls the curtain back on the rise of religious indifference uncovering a wealth of fascinating particulars about what made the old Church work and what is causing the new to collapse He identifies the most damaging distortions of the Faith presented as progress and explains why Church leaders felt compelled to upend traditional Catholic life **Brigham Young University Studies** Brigham Young University,1968 A voice for the community of LDS scholars **Half a Century of Apostasy** Russell R. Standish,Colin D. Standish,2006 Catholic Theology Frederick C. Bauerschmidt,James J. Buckley,2016-03-28 Introduction to Catholic Theology is an accessible but in depth examination of the ways in which Catholic theology is rooted in and informs Catholic practice Weaves together discussion of the Bible historical texts reflections by important theologians and contemporary debates for a nuanced look at belief and practice within the Catholic faith Provides an overview of all major theological areas including scriptural historical philosophical systematic liturgical and moral theology Appropriate for students at all levels assuming no prior knowledge yet providing enough insight and substance to interest those more familiar with the topic Written in a dynamic engaging style by two professors with more than 50 years of classroom experience between them

God's Inerrant Word John Warwick Montgomery,2018-01-27 Editor John Warwick Montgomery b 1931 is one of the major philosophical apologists of the 20th century He is also a trained lawyer which influenced his historical legal approach to Christian apologetics He is perhaps best known as a writer for his books History and Christianity How Do We Know There is a God Faith Founded on Fact Evidence for Faith Where is History Going The Shape of the Past The Quest for Noah s Ark as well as for his debates with the infamous atheist Madalyn Murray O Hair 1967 with Joseph Fletcher reprinted in Situation Ethics True or False with Death of God theologian Thomas Altizer reprinted in The Suicide of Christian Theology R C Sproul wrote in the Foreword to this 1974 book The essays in this book were written as research articles for delivery at the Conferece on the Inspiration and Authority of Scripture in the fall of 19763 The Conference was sponsored by the Ligonier Valley Study Center a facility developed to make the resources of Christian scholarship available to today s laymen and pastors The eleven essays comprising the text of this book were all publicly delivered at the Ligonier Conference Pg 9 Essays are included by authors such as Montgomery J I Packer John Gerstner Clark Pinnock John Frame Sproul etc Montgomery states in his own Introduction that The Ligonier Conference was designed specifically to serve as an adrenal injection for the faint of heart who question the place of inerrancy in historic Christian theology or doubt that modern research is compatible with an errorless Bible The essayists may differ from each other in a number of respects but they hold in common the historic Christian confidence in an entirely trustworthy Bible They would impart that confidence to the readers of this volume Pg 14 Montgomery states in his first essay Embedded in the liberal evangelical s attempt to preserve an infallible Bible in spite of errors is a further and even more serious fallacy We invariably find that the non revelational areas are the areas of science

and history the areas of prime testability The result if one carries this line of reasoning to its logical conclusion is Where the Bible errs it is non revelatory when it is capable of being tested it is precariously revelatory revelatory only until proven wrong and where it cannot be tested it always remains revelatory and inerrant This is just like believers in sea serpents claiming that they appear only when no scientists are present Pg 31 32 Pinnock observes If we say as Vatican II does that inspiration guarantees only those truths necessary for salvation the question arises how much we need to know to be saved The way is open for someone to come along with the opinion that he need know very little Very little then is inerrantly taught in Scripture Pg 150 Sproul says in an essay Jesus understanding of the Old Testament Scriptures casts a shadow over his own sinlessness Jesus does not have to be omniscient to be infallible But he must be infallible to be sinless That is to say if Jesus claiming to be sent from God and invoking the authority of God in his teaching errs in that teaching he is guilty of sin The one who claims to be the truth cannot err and be consistent with that claim Anyone claiming absolute authority in his teaching must be absolutely trustworthy in what he teaches in order to merit absolute authority In light of his claims Jesus cannot plead invincible ignorance as an excuse for error Pg 253 These essays will be of great interest to any Christians studying the doctrine of biblical inerrancy by Steven H Propp Top 100 Reviewer

The Third Electoral System, 1853-1892 Paul Kleppner, 2017-10-10 This analysis of the contours and social bases of mass voting behavior in the United States over the course of the third electoral era from 1853 to 1892 provides a deep and rich understanding of the ways in which ethnoreligious values shaped party combat in the late nineteenth century It was this uniquely American mode of political confessionals that underlay the distinctive characteristics of the era s electoral universe In its exploration of the the political roles of native and immigrant ethnic and religious groups this study bridges the gap between political and social history The detailed analysis of ethnoreligious experiences values and beliefs is integrated into an explanation of the relationship between group political subcultures and partisan preferences which will be of interest to political sociologists political scientists and also political and social historians Unlike other works of this genre this book is not confined to a single description of the voting patterns of a single state or of a series of states in one geographic region but cuts across states and regions while remaining sensitive to the enormously significant ways in which political and historical context conditioned mass political behavior The author accomplishes this remarkable fusion by weaving the small patterns evident in detailed case studies into a larger overview of the electoral system The result is a unified conceptual framework that can be used to understand both American political behavior during an important era and the general preconditions of social group political consciousness Challenging in major ways the liberal rational assumptions that have dominated political history the book provides the foundation for a synthesis of party tactics organizational practices public rhetoric and elite and mass behaviors
