

SPELLING RULES

HOW TO APPLY THE SPELLING RULES

1. "I" before E except after "C"

Generally, you write "ie" unless followed by a "c". Additionally, you write "ei" when a word requires a long "a" sound. Examples of the latter include weight and neigh.

Example of "e" before "c":

- She was **fierce**.
- She likes to **piece** together a puzzle.

Example of "ei" after "c":

- I **received** fifty dollars from her.
- The **ceiling** fell.

Exceptions to the rules occur. These exceptions include words like weird, height, and either.

2. Change the Y to an I before adding suffixes beginning with E

When a suffix begins with an "e" and the word ends in "y" you change the "y" to an "i" before adding the ending. Suffixes that begin with "e" include ed, es, er, and est.

Suffixes beginning with the letter "e"

- Cry + suffix ed = cried
- Sky + suffix es = skies
- Worry + suffix ed = worried

Do not change the "y" to "i" when adding the suffix "ing"

- Change cry into crying.
- Change worry into worrying.

2 consonants with "y" and suffix "ly"

When you have 2 consonants come before "y" it is necessary to change the "i" into a "y" before applying the suffix "ly."

- Happy + suffix "ly" = happily
- Merry + suffix "ly" = merrily

Note: the word "dry" does not follow this rule when applying the "ly" suffix. You write dryly not drily.

3. The Silent "e"

When "e" appears at the end of a word followed by a consonant it is silent. The "e" changes how the vowel before the consonant sounds. It makes a short vowel long. In bite, the vowel "i" is long. Remove the "e" and you get a different word with a different sound. The word becomes "bit" with the short "i" vowel.

To add a suffix like "ed" to a word with a silent "e" you usually drop the "e" and add the suffix.

- Care becomes cared.
- Share becomes shared.

4. Add "es" after "s", "z", "sh", "ch", or "x"

When pluralizing a word you use "es" after these letters or letter combos: s, z, sh, ch or x.

- Fix becomes fixes.
- Wish becomes wishes.

Most other words will use an "s" in the plural form

- Cow becomes cows.
- Car becomes cars.

Note: some words do not require a change to become plural. Words like fish and sheep are examples of unchanging words in a plural form.

5. Double Consonants & Suffixes

It is difficult to tell if a word has double consonants or not. They are not usually detected in speech. Many words that have double consonants have suffixes. Tossed, mapped, and ripped are words that all feature double consonants.

The suffixed word pronunciation sometimes changes, but the spelling remains consistent. For example, you can either express "blessed" as one or two syllables.

6. "U" follows "Q"

In almost all English words, the letter "u" follows "q". You can see the "qu" combo in words like queen, aqua, and quick. In scrabble, there are some correct English words without a "u." These include "qi" and "qaid". However, no one ever uses these words in common discourse.
