domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of architectural planning urban and socio economic history      **After the Victorians** Peter Mandler,Susan Pedersen,2005-08-16 Cultural and intellectual history interdisciplinary applicable to a wide range of fields Contains ten mini biographies of both well known and unusual figures Readable lively and will appeal to readers of literary and political biography as well as to academic specialists      The Agrarian History of England and Wales Edward John T.
