Newman, 2009-12-31 Few people have garnered so much enduring interest as Sir Richard Burton A true polymath Burton is

best known today for his translations of the Kama Sutra and Arabian Nights Yet Africa stood at the center of his adult life The Burton Speke expedition 1856-59 that put Lake Tanganyika on the map led to years of controversy over the source of the White Nile From 1861 to 1864 Burton served as British consul in Fernando Po and traveled widely between Ghana and Angola He wrote prodigiously and contributed some of the first detailed ethnographic accounts of Africa's peoples In many ways however Africa proved to be Burton's undoing Injuries and sickness sapped his strength he made enemies in high places and ironically even the discovery of Lake Tanganyika worked to his disadvantage Increasingly frustrated and bitter he turned to alcohol as a frequent remedy In this fascinating story of the relationship between a man and a continent geographer James L Newman provides an intimate portrait of Burton through careful examination of his journals and biographers' rich analyses Delving deepest into Burton's later life and travels Newman pinpoints the thematic mainstays of his career as a diplomat and explorer namely his strong advocacy of aggressive imperial policies and his belief that race explained crucial human differences Historians and scholars of the golden age of empire as well as armchair adventurers will not only discover what defined this famously enigmatic figure but venture themselves into the heart of mid nineteenth century Africa

Captain Sir Richard Francis Burton Edward Rice, 2001-06-07 A New York Times best seller when it was first published Rice's biography is the gripping story of a fierce magnetic and brilliant man whose real life accomplishments are the stuff of legend Rice retraces Burton's steps as the first European adventurer to search for the source of the Nile to enter disguised the forbidden cities of Mecca and Medina and to travel through remote stretches of India the Near East and Africa From his spying exploits to his startling literary accomplishments the discovery and translation of the Kama Sutra and his seventeen volume translation of Arabian Nights Burton was an engrossing larger than life Victorian figure and Rice's splendid biography lays open a portrayal as dramatic complicated and compelling as the man himself The Highly Civilized Man Dane Kennedy, 2009-06-30 Though best remembered as an adventurer who entered Mecca in disguise and sought the source of the White Nile Richard Burton contributed so forcefully to his generation that he provides us with a singularly panoramic perspective on the world of the Victorians Engagingly written and vigorously argued this book is an important contribution to our understanding of a remarkable man and a crucial era
