## **Sister Woman:**

Future Sister's Woman Kathy Reimer, 2005 *Future Sister's Woman* describes women creating a world where they can express their understanding of the meaning of life. Women are seeking greater interpretation. Women's bodies are celebrated not only for their ability to give birth but also for their vision. The body is the source of all creative powers in the universe and includes the web of friends. Friendship is an emerging postmodern transformation resisting the idea that women are forever alone. The power of female friendship is both magic and medicine: what women feel they can say, what they say they can manifest. *Moving mountains* is what happens when women look at other women. When they see each other as they really are, they put the world in perspective and it no longer remains what it was. With thoughtfulness and passion they create a world in which they can be truly happy. Women can choose. Kathy Reimer can be contacted at catspry yahoo com. Excerpts Catalogue Information

The Role of Sisters in Women's Development Sue A. Kuba, Professor of Psychology at the California School of Professional Psychology, 2011-03-04. Psychological theory has traditionally overlooked or minimized the role of siblings in development, focusing instead on parent-child attachment relationships. The importance of sisters has been even more marginalized. Sue A. Kuba explores this omission in *The Role of Sisters in Women's Development*, seeking to broaden and enrich current understanding of the psychology of women. This unique work is distinguished by Kuba's phenomenological method of research, rooted in a single prompt: "Tell me about your relationship with your sister." Rich in detail, the responses, many of which are reproduced at length within the book, provide a complex picture of sister relationships across the lifespan. Integrating these stories with current literature about gender and family composition for sisters of difference, disabled and lesbian sisters, and ethnic sisters, this book provides useful recommendations for therapeutic understanding of the significance of sisters in everyday life, integrating diverse perspectives in order to address the ways clinicians can enhance psychological work with women clients. A valuable contribution to the field of mental health, *The Role of Sisters in Women's Development* is highly recommended for therapists who wish to broaden their inquiry into the sister connection as well as anyone who wants to further understand the importance of sisterhood.

*American Anthropologist*, 1920

The Young Woman's Journal, 1894

**Marriage with a Deceased Wife's Sister. Answers to Some Popular Errors as to the Law** William Francis Hobson, 1883

*And the Girls in their Sunday Dresses* Zakes Mda, 1993-01-01. Two very different women meet during a long wait to buy subsidized rice and discover they have more in common than their poverty. An old man and a child share a last loving waltz. A cynical disabled gangster learns humanity from a committed social worker. And a young girl finds her missing father and her role in the political struggle. This collection of stage plays, one radio play, and a cinopoem captures the essence of Zakes Mda's method as a dramatist: a slow but intimate process of revelation on the part of the characters. It is an artistic cooperation of the most pleasurable kind.
