Soviet Military Experience A History Of The Soviet Army 1917 1991

Timothy C. Dowling

Soviet Military Experience A History Of The Soviet Army 1917 1991:

The Soviet Military Experience Roger R. Reese, 2002-01-04 The Soviet Military Experience is the first general work to place the Soviet army into its true social political and international contexts It focuses on the Bolshevik Party's intention to create an army of a new type whose aim was both to defend the people and propagate Marxist ideals to the rest of the world It includes discussion of the origins of the Workers and Peasant's Red Army effects of the Civil War Bolshevik regime's use of the military as a school of socialism effects of collectivization and rapid industrialisation of the 1920s and 1930s Second World War and its profound repercussions ethnic tensions within the army effect of Gorbachev's policies of Glasnost and Perestroika

Russia: A History, New Edition Gregory Freeze, 2002-03-28 Drawing on recently opened archival materials leading American and European scholars provide an authoritative interpretation of Russian history and culture ranging from the eighth century to the recent creation of the Commonwealth of Independent States

Russia: A History, new edition, 2002-03-28 From the formation of the Russian state in the 14th century to the political power struggles of the 1990s and the uncertainties of the new millennium this new history offers a fresh and systematic account of Russian history across six tumultuous centuries With greater access to previously unobtainable material and with the gradual depoliticization of what was once an intellectual Cold War battleground historians are now able to tell the story of Russia more dispassionately and with greater precision than was formerly possible Drawing on the best contemporary scholarship and informed throughout by the latest archival research into previously classified sources thirteen international experts here reassess and reinterpret the history of one of the world's great powers What emerges is a powerful sense of national destiny of repeated themes unchanging conditions and cycles of circumstance Throughout Russian history all powerful autocrats like Ivan the Terrible or Stalin have maintained their authority through brutality but their omnipotence was always under threat circumscribed by geography compromised by bureaucratic incompetence pervasive corruption and resistance from below A curious combination a veneer of omnipotence a void of operational power has periodically dissolved into times of trouble as in 1598 1917 and 1991 when the impotence of the regime became transparent to all Russian rulers have also had to contend with the same immense physical challenges a hugely dispersed population a perennial dearth of means and men to govern a primitive infrastructure Plagued by natural disasters hamstrung by structural problems the Russian economy whether pre revolutionary capitalist Soviet socialist or post Soviet semi capitalist has had enormous and disruptive difficulties adapting to the competitive world of international markets Another immutable elemental fact has been Russia's multinational composition which continues to generate discontent and disorder Yet Russia is a great survivor as the years from 1995 show characterized by economic recovery institution building and a new mood of self assertion in world politics For too long Russian history has been dominated by myths and counter myths concocted by those seeking either to legitimize the existing order or to destroy it This book containing many little known illustrations represents an important attempt to rethink Russian

history and to provide a new understanding of Russia's complex but ever fascinating historical development. A compelling story in its own right, it is also essential reading for anyone with a private or professional interest in Russia and its place in the world.

The Routledge Handbook of Soviet and Russian Military Studies Alexander Hill, 2025-02-24. This handbook brings together historical and contemporary essays about Soviet and Russian military studies to offer a comprehensive volume on the topic. Comprising essays written by acknowledged specialists, the handbook examines the development of the Russian and Soviet armed forces from the Napoleonic Wars all the way through to the course and conduct of the Special Military Operation in Ukraine. Divided into thematic and chronological sections, the volume looks at wars fought by the Tsarist regime through to the First World War, the Soviet Union's Great Patriotic War from 1941 to 1945, the Cold War including the Soviet war in Afghanistan, and Russia's post-Soviet wars and military development. In addition, the volume also includes a section that analyses a number of overarching themes including the development of Russian and Soviet airpower, partisan warfare, counterinsurgency, and the role of women in Russian and Soviet armed forces. The volume concludes with an essay looking at whether, using the historical material and material on the conduct of the war in Ukraine, we can reasonably talk of a Russian way of war. This volume will be of considerable interest to students of the Soviet Union and Russia, strategic studies, and military history.

Military Masculinity and Postwar Recovery in the Soviet Union Erica L. Fraser, 2019-01-01. Catastrophic wartime casualties and postwar discomfort with the successes of women who had served in combat roles combined to shatter prewar ideals about what service meant for Soviet masculine identity. The soldier had to be reimagined and resold to a public that had just emerged from the Second World War and a younger generation suspicious of state control. In doing so, Soviet military culture wrote women out and attempted to reestablish soldiering as the premier form of masculinity in society. *Military Masculinity and Postwar Recovery in the Soviet Union* combines textual and visual analysis as well as archival research to highlight the multiple narratives that contributed to rebuilding military identities. Each chapter visits a particular site of this reconstruction, including debates about conscription and evasion, appropriate role models for cadets, misogynist military imagery in cartoons, the fraught militarized workplaces of nuclear physicists, and the first cohort of cosmonauts who represented the completion of the project to rebuild militarized masculinity.

Ivan's War Catherine Merridale, 2006-01-24. Drawing on previously closed military and secret police archives, interviews with surviving soldiers, and private letters and diaries, Catherine Merridale presents here the first comprehensive history of the thirty million soldiers of the Red Army. **BOOK JACKET**

Russia at War Timothy C. Dowling, 2014-12-02. This easy-to-use reference explores the people and events that shaped Russian military history and impacted Europe, Asia, and the world over the past eight centuries. Russian military history is an often overlooked field. Yet Russia is and has long been an important player in global politics, and its military exploits have been central to its role on the world stage. This study of Russia's military past provides insights into European and U.S. history, including the conduct of the two World Wars and the

Cold War and will help readers better appreciate the current geopolitical situation This work covers major events and figures in Russian military history from the end of Mongol domination in the 14th century to the present day More than 650 entries by scores of expert contributors detail events individuals organizations and ideas that have influenced Russian warfare over 800 years Two alphabetically arranged volumes explore such conflicts as the Russo Polish Wars the Great Northern War the Russo Turkish Wars the Napoleonic Wars the Crimean War the Russo Japanese War World War I World War II and the Cold War including the Soviet invasion of Afghanistan Cross references and further readings in each entry serve as jumping off points for further exploration Dictatorship of the Air Scott W. Palmer, 2006-07-31 Focusing on one of the last untold chapters in the history of human flight this book explains the true story behind twentieth century Russia's quest for aviation prominence **Atrocities** Matthew White, 2011-10-31 An amusing really account of the murderous ways of despots slave traders blundering royals gladiators and assorted hordes New York Times Evangelists of human progress meet their opposite in Matthew White's epic examination of history's one hundred most violent events or in White's piquant phrasing the numbers that people want to argue about Reaching back to the Second Persian War in 480 BCE and moving chronologically through history White surrounds hard facts time and place and succinct takeaways who usually gets the blame with lively military social and political histories Inventing the Enemy Wendy Z. Goldman, 2011-08-08 Inventing the Enemy uses stories of personal relationships to explore the behaviour of ordinary people during Stalin's terror Communist Party leaders strongly encouraged ordinary citizens and party members to unmask the hidden enemy and people responded by flooding the secret police and local authorities with accusations By 1937 every workplace was convulsed by hyper vigilance intense suspicion and the hunt for hidden enemies Spouses co workers friends and relatives disavowed and denounced each other People confronted hideous dilemmas Forced to lie to protect loved ones they struggled to reconcile political imperatives and personal loyalties Workplaces were turned into snake pits The strategies that people used to protect themselves naming names pre-emptive denunciations and shifting blame all helped to spread the terror Inventing the Enemy a history of the terror in five Moscow factories explores personal relationships and individual behaviour within a pervasive political culture of enemy hunting

Adopting the Melody of Phrase: An Emotional Symphony within **Soviet Military Experience A History Of The Soviet Army 1917 1991**

In some sort of taken by displays and the ceaseless chatter of quick conversation, the melodic splendor and psychological symphony produced by the published word often disappear in to the background, eclipsed by the constant sound and interruptions that permeate our lives. But, set within the pages of **Soviet Military Experience A History Of The Soviet Army 1917 1991** a wonderful fictional value brimming with natural emotions, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, this interesting masterpiece conducts viewers on an emotional trip, skillfully unraveling the hidden melodies and profound affect resonating within each carefully constructed phrase. Within the depths with this moving analysis, we can examine the book is key harmonies, analyze its enthralling writing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
