Soviet Policy In The Arc Of Crisis

Efraim Karsh

Soviet Policy In The Arc Of Crisis:

Soviet policy in the arc of crisis Fred Halliday, 1978 Soviet Policy towards Syria since 1970 Efraim Karsh, 1991-06-18 An examination of the nature of Soviet policy towards Syria during the last two decades which seeks to assess Moscow's objectives and the means of achieving those objectives The study argues that the overriding concern of Soviet policy is preservation of regional stability **The Arc of Socialist Revolutions** Suzanne Jolicoeur Katsikas, 1982

Soviet Power Jonathan Steele, 1984-10-24 From Simon Schuster Soviet Power is Jonathan Steele's exploration on the Kremlin's foreign policy from Brezhnev to Chernenko This analysis points to a pattern of thwarted strategy and failed objectives which has weakened the influence of the Soviet Union even while its military power has grown but warns that the United States frequently misunderstands Soviet intentions and capabilities *Soviet Strategy in the Middle East* George W. Breslauer, 2015-07-16 Few regions of the world are as politically turbulent as the Middle East and nowhere is the potential for superpower conflict greater How does the Soviet Union view the Middle East conflict Can the USSR play a constructive role in the peace process In this volume first published in 1990 these questions and others central to an understanding of Soviet strategy in the region are addressed Previous analysts of Soviet Middle Eastern relations have tended to emphasize either the cooperative or the competitive aspects of Soviet behaviour Breslauer instead offers the multidimensional concept of collaborative competition to describe the mixed motives ambivalence and sometimes conflicting perspectives that have informed Soviet strategy in the region In such an unstable environment this strategy of collaborative competition has in turn encouraged approach avoidance behaviour for example while the Soviets may seek to moderate their radical allies they remain fearful that these allies once moderated might defect to US patronage Under Gorbachev the Kremlin continues to pursue this same strategy but with increased attention to improving collaboration redefining the nature of the competition and easing the approach avoidance dilemma Breslauer argues that these changes could lead to more flexible Soviet behaviour in the region This volume combines new in depth research on Soviet policy with new interpretations including insights drawn from relevant theories of international relations **The Soviet Union and the Horn of Africa during the Cold War** Radoslav A. Yordanov, 2016-03-17 At the height of the Cold War Soviet ideologues policymakers diplomats and military officers perceived the countries of Africa Asia and Latin America as the future reserve of socialism holding the key to victory over Western forces The zero sum nature of East West global competition induced the United States to try to thwart Soviet ambitions The result was predictable the two superpowers engaged in proxy struggles against each other in faraway little understood lands often ending up entangled in protracted and highly destructive local fights that did little to serve their own agendas Using a wealth of recently declassified sources this book tells the complex story of Soviet involvement in the Horn of Africa a narrowly defined geographic entity torn by the rivalry of two large countries Ethiopia and Somalia from the beginning of the Cold War until the demise of the Soviet Union At different points in the twentieth century this region

arguably one of the poorest in the world attracted broad international interest and large quantities of advanced weaponry making it a Cold War flashpoint The external actors ultimately failed to achieve what they wanted from the local conflicts a lesson relevant for U S policymakers today as they ponder whether to use force abroad in the wake of the unhappy experiences in Iraq and Afghanistan Biographical Memoirs of Fellows, X Ron Johnston,2011-12-15 Seventeen obituaries of recently deceased Fellows of the British Academy *The American Challenge* R. Catley,2017-11-28 The rise of the US as a hegemonic power during the twentieth century first pursuing a liberal project of globalization under Clinton and then moving towards greater unilateralism after the election of George W Bush is comprehensively described in this much needed study Following the invasion of Iraq the Bush administration became increasingly unpopular at home and abroad America s power to impose its will declined and rivals were able to take advantage of its weakened state and pursue their own agendas with considerable success This indispensable book looks at whether policy failure in Iraq and declining US soft and hard power mark the beginning of the end of US hegemony or whether the resilience of America s military and economic foundations will once again prove observers wrong *Mythologies Without End* Jerome Slater,2020-10-01 The history of modern Israel is a fiercely contested subject From the Balfour declaration to the Six Day War to the recent assault on Gaza ideologically charged narratives and counter narratives battle for dominance not just in Israel itself but throughout the world In the United States and Israel the Israeli cause is treated as the more righteous one albeit with important qualifiers and caveats In *Mythologies Without End* Jerome Slater takes stock of the conflict from its origins to the present day and argues that US policies in the region are largely a product of mythologies that are often flatly wrong For example the Israelis treatment of Palestinians after 1948 undermined its claim that it was a true democracy and the argument that Arab states refused to negotiate with Israel for decades is simply untrue Because of widespread acceptance of these myths in both the US and Israel the consequences have been devastating to all of the involved parties In fact the actual history is very nearly the converse of the mythology it is Israel and the US that have repeatedly lost discarded or even deliberately sabotaged many opportunities to reach fair compromise settlements of the Arab Israeli and Israeli Palestinian conflicts As Slater reexamines the entire history of the conflict from its onset at the end of WWI through the Netanyahu era he argues that a refutation of the many mythologies that is a necessary first step toward solving the Arab Israeli conflict Focusing on both the US role in the conflict and Israel s actions this book exposes the self defeating policies of both nations policies which have only served to prolong the conflict far beyond when it should have been resolved Ideology and Power in the Middle East Peter J. Chelkowski,Robert J. Pranger,2013-07-12 Scholars from the United States Canada Europe and the Middle East combine their talents and expertise to honor George Lenczowski whose studies of the Middle East over two generations have made him a foremost expert on contemporary affairs in this most volatile and complex region

The Enigmatic Realm of **Soviet Policy In The Arc Of Crisis**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Soviet Policy In The Arc Of Crisis** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.
