Soviet Policy Toward The Middle East Since 197:

Soviet Policy Toward Israel Under Gorbachev Robert Owen Freedman, 1991-03-30 Mikhail Gorbachev's rise to power in 1985 signalled the beginning of significant improvements in Soviet Israeli relations thoroughly examined in this carefully researched volume Based on an analysis of Soviet behavior and interviews with Israeli and Soviet Foreign Ministry officials and PLO leaders this study describes how eased tensions between the Soviet Union and Israel have been achieved and analyzes the Soviet Union's reasons for advancing diplomatic relations with Israel Robert Owen Freedman follows the progress of Soviet policy from the 1985 meeting between the Soviet and Israeli ambassadors to France to the 1987 arrival of the Soviet consular delegation in Israel which heralded rapid improvement on the diplomatic front to the 1989 trade agreements cultural academic and athletic exchanges and the 1990 political meetings between high ranking officials Freedman identifies three primary goals that motivated these Soviet initiatives towards Israel a desire to improve relations with the United States a desire to play a major role in Middle East diplomacy and a desire for trade with Israel Both meticulously documented and forward looking the conclusions reached can stimulate discussion and provide a basis for further study for members of the academic political and diplomatic communities

Superpower Involvement In The Middle East Paul Marantz, Blema Steinberg, John Sigler, Shmuel Sandler, 2019-06-18 The contributors to this book offer an explanation of Soviet and U S policy in the Middle East by exploring how the superpowers define their goals in the region the factors that both stimulate and constrain the United States and the Soviet Union in the implementation of their objectives and how their mutual perceptions influence behavior The ch

Conflict and War in the Middle East Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi's examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War
