Soviet Foreign Policy Proceedings Of The Academy Of Political Science:

Soviet Foreign Policy Proceedings of the Academy of Political Science in the City of New York Robbin F. Laird, 1987

The Domestic Context Of Soviet Foreign Policy Seweryn Bialer, 2019-07-15 This volume highlights those aspects of Soviet internal dynamics that influence foreign policy and international relationships It reflects a growing awareness of the importance of internal factors as a critical determinant shaping the making and effectiveness of Soviet foreign policy

Soviet Foreign Policy Academy of Political Science (U.S.), 1987 **Great Powers, Small Wars** Larisa

Deriglazova, 2020-03-03 A sophisticated appraisal of the problem of asymmetric conflict in the post World War II period In a sophisticated combination of quantitative research and two in depth case studies Larisa Deriglazova surveys armed conflicts post World War II in which one power is much stronger than the other She then focuses on the experiences of British decolonization after World War II and the United States in the 2003 Iraq war **Great Powers Small Wars** employs several large databases to identify basic characteristics and variables of wars between enemies of disproportionate power Case studies examine the economics domestic politics and international factors that ultimately shaped military events more than military capacity and strategy

Foreign Policy in Comparative Perspective Ryan K. Beasley, Juliet Kaarbo, Jeffrey S.

Lantis, Michael T. Snarr, 2012-04-25 Widely regarded as the most comprehensive comparative foreign policy text **Foreign Policy in Comparative Perspective** has been completely updated in this much anticipated second edition Exploring the foreign policies of thirteen nations both major and emerging players and representing all regions of the world chapter authors link the study of international relations to domestic politics while treating each nation according to individual histories and contemporary dilemmas The book's accessible theoretical framework is designed to enable comparative analysis helping students discern patterns to understand why a state acts as it does in foreign affairs

Soviet Pol Perspect W Europe Neil Malcolm, 2013-09-13 In the light of perestroika this paper reviews Soviet specialist writing and leadership statements and looks in particular at how Soviet authors understand the interplay of cooperation and conflict inside the EC and the Western world

The Treaty on Conventional Armed Forces in Europe Mark Wilcox, 2024-03-04 This work examines the CFE Treaty as a factor in Russia's foreign and security policy Moscow showed amazing persistence in their relationship with the cornerstone of European security Their approach to the treaty was a genuine attempt to shape the security environment in Europe and the former USSR The treaty also enabled the dismantling of large conventional forces as they returned from Eastern Europe and transitioned into the armies of the newly independent states of the former USSR The CFE Treaty though proved ineffective at constraining the enlargement of NATO Simultaneously Moscow's foreign and security policy evolved from one that focused on the domestic development of the country to that of a more confident state reasserting itself as a great power Drawing extensively on primary sources and analyses by Russian authors this book employs two historical narratives case studies and a conceptual framework to show that while Moscow remained engaged with the CFE Treaty

undesired effects on Russia's national interests gradually accrued at the expense of desired ones leading Vladimir Putin to withdraw Russia from the treaty as an act of decoupling from the collective West. This book is relevant to scholars and policymakers who want to understand Russia's approach to arms control as an element of military security. **Foreign policy in Comparative Perspective: Domestic and International Influences on State Behavior** Ryan K. Beasley, 2013. In this much anticipated revision of their unique text, the editors bring together fifteen top scholars to highlight the importance of both internal and external forces in foreign policymaking. Kennan and the Art of Foreign Policy Anders Stephanson, 1989. From an array of intellectual reference points, Stephanson, history professor at Rutgers University, has written a serious assessment of this complicated, often controversial, highly respected American policymaker. A work of general significance for a wide range of contemporary issues in foreign and domestic politics. *The Federal Republic of Germany since 1949* Klaus Larres, Panikos Panayi, 2014-08-27. Today the problems of reunification seem to feature more often in the international spotlight than the benefits. This timely volume offers a reassessment of Germany's postwar development from its inception through to reunification, including a thorough examination of the implications for economic, political, and social policies. The impressive team of contributors includes leading names in the history of modern Germany together with some of the ablest younger scholars in the field. They are Hartmut Berghoff, David Childs, Immanuel Geiss, Graham Hallett, Klaus Larres, Terry McNeill, Torsten Opelland, Richard Overly, Stephen Padgett, Panikos Panayi, and Mathias Siekmeier.
