Soviet Social Scientists Talking An Official Debate About Women:

Soviet Social Scientists Talking Mary Buckley,1986-09-05 *The Image of Women in Contemporary Soviet Fiction* trans,1989-11-13 The stories in this collection portray Soviet women of different ages and educational backgrounds at home and at work in cities and villages Their themes reflect the social changes in Soviet life in the past 20 years and are aimed to stimulate inquiry into social and feminist issues **Mobilizing Soviet Peasants** Mary Buckley,2006-04-27 Exploring the story of rural shock work and Stakhanovism in the Soviet countryside in the late 1930s this book tries to contextualise Stakhanovism considering historical context changing party priorities propaganda the press the nature of farm leaderships shortages peasant attitudes gender purges and local organisations **Feminist Nightmares: Women At Odds** Susan Ostrov Weisser,1994-10-01 Though all women are women no woman is only a woman wrote Elizabeth Spelman in *The Inessential Woman* Gone are the days when feminism translated simply into the advocacy of equality for women Women s interests are not always aligned race class and sexuality complicate the equation In recent years feminist ideologies have become increasingly diverse Today one feminist s most ardent political opponent may well be another feminist As feminism grows increasingly diverse the time has come to ask a painful and frequently avoided question what does it mean for women to oppress women This pathbreaking provocative anthology addresses this troublesome dilemma from various feminist perspectives offering an interdisciplinary collection of writings that widens our understanding of oppression to take into account women who are at odds The book examines the social political and psychological ramifications of this phenomenon as evidenced in a range of texts from women s antislavery writing to women s anti abortion writing from mother daughter incest stories to maternal surrogacy narratives from the Bible to the popular romance nove from Jane Austen to Alice Walker The value of the volume is perhaps best summed up by an early response to the idea This is a book that should never be written feminists should concentrate on how men oppress women Ironically it is precisely because the subject triggers such responses the authors argue that a volume such as *Feminist Nightmares* has become a necessity **Ideology and Soviet Politics** Alex Pravda,Stephen White,1988-07-26 The official ideology of Marxism Leninism is central to Soviet politics and yet its development in recent years has received very little scholarly attention In this book a group of leading specialists drawn from both sides of the Atlantic advance decisively upon all earlier discussions of this subject to provide both an authoritative and detailed picture of the development of official ideology from the early years up to Gorbachev s 1986 Party Programme as well as a consideration of the changing role of ideology in Soviet foreign and domestic policy making The book will be required reading for all students of Soviet and communist politics it should also be of interest to a wider non specialist audience *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the

past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Russian Women and their Organizations R. Kay, 2000-02-02 Grassroots Russian women s organizations faced multiple challenges in the early 1990s Like their members they were confronted with both potentially hostile attitudes and numerous practical difficulties Post Soviet ideologies of gender difference produced a gender climate which was particularly unsympathetic to female activism in support of other women This book presents a detailed study of grassroots Russian women s organizations in 1991 96 against the background of a careful analysis of gender relations and attitudes to women s place in post Soviet Russian society

Post-Soviet Women Mary Buckley, 1997-07-13 This volume is the first to take a systematic look at the position of women in the post Soviet states of the former USSR

Promissory Notes Sonia Kruks, Rayna Rapp, Marilyn Blatt Young, 1989 Revolutionary socialist movements have held out the promise in both theory and practice that women can achieve liberation through their participation in the revolutionary process But many women in post revolutionary societies have watched in frustration as this promise has been pushed into the future or dropped from the agenda altogether The essays in *Promissory Notes* renew the debate about the connections between feminism and socialism by examining the position of women in socialist thought from the time of Marx to the present The book looks at the central theoretical formulations of the Woman Question in classical Marxist thought then explores their applications first in the Soviet Union and China then in a series of third world regimes and contemporary Eastern European countries The volume ends with a roundtable debate in which a number of scholars and activists take up the central theoretical issues raised throughout the book Contributors include Joan B Landes Elizabeth Waters Wendy Zeva Goldman Christina Gilmartin Muriel Nazzari Maxine D Molyneux Sonia Kurks and Ben Wisner Christine Pelzer White Amrita Basu Marilyn B Young Mary Buckley Barbara Einhorn Martha Lampland Lourdes Beneria Zillah Eisenstein Delia D Aguilar Delia Davin Kumari Jayawardena and Rayna Rapp

Women's Work And Women's Lives Hilda Kahne, 2019-09-18 This book is a provocative analysis of the nature of the relation between women and paid work in both modernizing and industrial countries It explores the variables that shape the relationship demographic factors the social and cultural context and the direction of economic development
