Spanish Highs:

Spanish Society, 1400-1600 Teofilo F Ruiz, 2014-09-11 Spanish Society depicts a complex and fascinating country in transition from the late Middle Ages to modernity. It describes every part of society from the gluttonous nobility to their starving peasants. Through anecdotes, a lively style, and portraits of figures such as St Teresa of Avila and Torquemada, the book reflects the character and humour with which the common Spaniard endured an often wretched lot. Beginning with a description of the geography, political life, and culture of Spain from 1400 to 1600, the unfolding narrative charts the country's shifts from one age to the next. It unveils patterns of everyday life from the court to the brothel, from the haves of the aristocracy and clergy to the have-nots of the peasantry and the urban poor. Historical records illuminate details of Spanish society such as the transition from medieval festivities to the highly scripted spectacles of the early modern period, the reasons for violence and popular resistance, and the patterns of daily living, eating, dressing, religious beliefs, and concepts of honour and sexuality. This compelling account includes historical examples and literary extracts which allow the reader direct access to the period. From the street theatre of village carnivals to the oppressive Spanish Inquisition, it gives an abiding sense of Spain in the making and renders vivid the colours of a passionate history. **Encyclopedia of Contemporary**

Spanish Culture Professor Eamonn Rodgers, Eamonn Rodgers, 2002-03-11 Some 750 alphabetically arranged entries provide insights into recent cultural and political developments within Spain, including the cultures of Catalonia, Galicia, and the Basque country. Entries range from shorter factual articles to longer overview essays offering in-depth treatment of major issues. Culture is defined in its broadest sense. Entries include Antonio Gaudí, science, Antonio Banderas, golf, dance, education, politics, racism, urbanization. This Encyclopedia is essential reading for anyone interested in Spanish culture. African Immigrants in Contemporary Spanish Texts Debra Faszler-McMahon,Victoria L. Ketz,2016-03-09 Around the turn of 21st Century Spain welcomed more than six million foreigners many of them from various parts of the African continent How African immigrants represent themselves and are represented in contemporary Spanish texts is the subject of this interdisciplinary collection Analyzing blogs films translations and literary works by contemporary authors including Donato Ndongo Ecquatorial Guinea Abderrahman El Fathi Morocco Chus Guti rrez Spain Juan Bonilla Spain and Bahia Mahmud Awah Western Sahara the contributors interrogate how Spanish cultural texts represent idealize or sympathize with the plight of immigrants as well as the ways in which immigrants themselves represent Spain and Spanish culture At the same time these works shed light on issues related to Spain s racial ethnic and sexual boundaries the appeal of images of Africa in the contemporary marketplace and the role of Spain s economic crisis in shaping attitudes towards immigration Taken together the essays are a convincing reminder that cultural texts provide a mirror into the perceptions of a society during
