## **Spare The Rod:**

Spare the Kids Stacey Patton, 2017-03-21 A necessary challenge to the cultural tradition of corporeal punishment in Black homes and its connections to white supremacy Encourages positive nonviolent discipline for those rearing teaching and caring for children of color Why do so many African Americans have such a special attachment to whupping children Studies show that nearly 80 percent of Black parents see spanking popping pinching and beating as reasonable effective ways to teach respect and to protect black children from the streets incarceration encounters with racism or worse However the consequences of this widely accepted approach to child rearing are far reaching and seldom discussed Dr Stacey Patton s extensive research suggests that corporal punishment is a crucial factor in explaining why Black folks are subject to disproportionately higher rates of school suspensions and expulsions criminal prosecutions improper mental health diagnoses child abuse cases and foster care placements which too often funnel abused and traumatized children into the prison system Weaving together race religion history popular culture science policing psychology and personal testimonies Dr Patton connects what happens at home to what happens in the streets in a way that is thought provoking unforgettable and deeply sobering

**Behind Closed Doors** Murray Murray Arnold Straus, Richard J. Gelles, Suzanne K. Steinmetz, Behind Closed Doors is grounded in the unprecedented national survey of the extent patterns and causes of violence in the American family Based on a study of over 2 000 families the authors provide landmark insights into this phenomenon of violence and what causes Americans to inflict it on their family members The authors explore the relationship between spousal abuse and child abuse as well as abuse between siblings violence by children against their parents and the causes and effects of verbal abuse Taken together their analysis provides a vivid picture of how violence is woven into the fabric of family life and why the hallmark of family life is both love and violence This is a comprehensive highly readable account of interest to both the professional and the layperson on an important topic which concerns the social well being of us all *Our Misunderstood Bible* Henry Clay Trumbull, 1907 Having found the gain to himself and to some others in the added light on Bible terms and truths by these explanations and corrections the writer presents the statements and suggestions herewith hoping that they may help still others Yet none of the views here expressed are to be accepted by a Bible reader unless he find them to be conformable to Bible teachings on his more careful study But in any event good can hardly fail to come of readers being stimulated to a closer examination of the grounds for believing or of questioning as to the ideas they have been accustomed to connect with certain Bible words and terms and truths Preface **Should We Spare the Rod?** William Louis Scott, 1920

**The Proverbial "Pied Piper"** Kevin J. McKenna, 2009 With more than one hundred fifty books and three hundred published articles on proverb studies that have attracted wide attention of folklorists around the world it is little wonder that international scholars look upon Wolfgang Mieder as the modern day Pied Piper of paremiology For this festschrift some of the world s leading proverb and folklore scholars have come together to commemorate Mieder s sixty fifth birthday Authors

from Russia Eastern and Western Europe Israel and the United States have contributed essays representative of the scope and breadth of Mieder's own impressive scholarship *The Proverbial Pied Piper* honors Wolfgang Mieder's legendary contributions to the study of proverbs and contains new scholarship by some of the best paremiologists in the world *The Politics of Denial* Michael A. Milburn, Sheree D. Conrad, 1996 What is the driving force behind the rage of America's white males Emotion appears to be playing a growing role in politics as evidenced by vociferous opposition to welfare abortion and immigrants as well as by the rise of the radical Religious Right antienvironmentalism and the increasingly neoconservative slant of American public opinion *The Politics of Denial* presents a compelling explanation of these phenomena providing solid empirical evidence for the role of rigid harsh child rearing practices in the creation of punitive authoritarian adult political attitudes The authors social psychologists show how both the political and the public policy processes in the United States are distorted by the unresolved negative emotions such as fear anger and helplessness that remain from punitive parenting and by the politicians and conservative religious leaders who exploit those emotions Among the many public figures discussed are Patrick Buchanan Newt Gingrich Ronald Reagan and Billy Graham **Spare the Rod and Spoil the Child** James Cotton, 2020-07-19 Spare the rod and spoil the child is an adage that many are familiar with It does have a ring of truth and should be taken seriously Through the use of scripture personal experiences observation and research the author will show how spiritually aligned discipline is the key to raising children to become productive members of society and not fall prey to the ills of societal negative influences **2025-26 Bihar STET Class IX to X English Solved Papers & Practice Book** YCT Expert Team , 2025-26 Bihar STET Class IX to X English Solved Papers Practice Book 208-395 This book contains the previous year solved papers and practice book **2025-26 UP TGT/PGT English Practice Book** YCT Expert Team , 2025-26 UP TGT/PGT English Practice Book 432-795 E This book contains 30 sets of the practice book 15 sets of TGT and 15 sets of PGT **The Jewish Law Annual Volume 18** Berachyahu Lifshitz, 2010-03-31 Volume 18 of *The Jewish Law Annual* contains six comprehensive articles on various aspects of Jewish law Three articles address family law One addresses the painful issue of the plight of the wife whose husband withholds conjugal relations In a marriage where relations are withheld the wife may seek a divorce while her husband may withhold divorce Prolonged withholding of divorce renders the wife an agunah that is a wife chained to a dead marriage and unable to start anew and rebuild her life The author explores the halakhic feasibility of allowing a wife in such a predicament to bring a claim for damages against her husband for infliction of mental distress If such claims are allowed recalcitrant husbands may rethink their intransigence and consent to grant the divorce Another article examines the evolution of halakhic thinking on the parent-child relationship It traces the stages by which halakhic family law changed from a basically patriarchal system in which both mother and the child were deemed subject to the father's will to a more balanced system where wife and husband have equal standing with respect to custody matters and the best interest of the child is the main consideration in custody proceedings In another article halakhic

attitudes to corporal punishment of children are analyzed The author explores whether the Spare the rod and spoil the child adage which is based on a verse from Proverbs indeed reflects the position of Jewish law He shows that in fact while recourse to corporal punishment for educational purposes is permitted subject to detailed qualifications that greatly limit its scope two divergent approaches to corporal punishment can be discerned in the halakhic sources One maintains that administration of corporal punishment can be a useful pedagogic tool of last resort whereas the other seeks to minimize recourse to corporal punishment in the educational context questioning its efficacy The article shows that in any event the notion that corporal punishment is required by the law as some invoking the spare the rod maxim have maintained is by no means borne out by the halakhic literature The volume also features a fascinating article on the history of two societies founded in London to further the study of Jewish law using modern scholarly methodologies One society was active at the end of the 1920s and beginning of the 1930s the second was active a decade later The article explains the background to the establishment of the societies and analyzes the societies' objectives leaders and memberships Both societies were founded with the intention of reformulating the classic halakhic sources in a manner that would render them suitable for contemporary application in the nascent Jewish state But as the author shows ultimately much of their energy was devoted to presenting the said sources to the non Jewish legal world for the purpose of reciprocal enrichment and edification Rounding out the volume are two jurisprudential studies on classic legal problems The first explores the prohibition against seeking a second legal ruling when a ruling declaring something forbidden has been handed down What is the scope of this rule and in what ways does it differ from the res judicata principle in western law The author shows that both procedural and substantive readings of the prohibition were put forward in the talmudic commentaries and explains the jurisprudential implications of these different readings The second article examines the question of the agent who breaches his principal's trust focusing on the case of the agent who executes the act he was sent to carry out but does so for himself rather than his principal To what extent is he liable for ensuing damages to the principal and is his act invariably deemed reprehensible Another issue is the legal status of the transaction carried out by such an agent Do the rights and obligations generated by the transaction accrue to the agent or to the principal And how are determinations as to the status of the transaction to be made Is the testimony of an unfaithful agent or one who has deviated from his mandate deemed trustworthy Is any role played by third parties such as vendors in determining the status of the transaction
