Two Irelands

Rebecca Pelan, 2005-06-27 The very different histories of the North and South are reflected in their literature While women

in the Republic of Ireland have tended to write about social issuessexism crime unemployment and domestic violencewomen in Northern Ireland focused on their society s historical tension and primarily nationalist and unionist politics However Pelan maintains that feminist ideology has provided contemporary Irish women with an alternate political stance that incorporates gender and nationality ethnicity and allows them to move beyond the usual binaries of politics history and languageIrish and English In an analysis enriched by a sophisticated but accessible engagement with contemporary feminist and gender theory Pelan concludes that Irish women s writing whether at the community or mainstream levelNorth or Southconsistently articulates political issues of direct relevance to the lives of Irish women today As a result such work retains close links with the initial impetus of the second wave of feminism as a political movement and questions the legitimacy of long standing social religious and political conventions From within the framework provided by this second wave argues Pelan Irish women can critique certain masculine ideologiesnationalist unionist imperialist and capitalistwithout forfeiting their own sense of gender and national or ethnic identity The book s significance lies in its placement of women s writing in the center of contemporary political discourse in Ireland and in ensuring that the writing from this periodmuch of it long out of printcontinues to exist as sociological as well as literary records It will be of interest to a general and scholarly audience especially those in the fields of contemporary Irish writing feminism and literary history Critical Survey ,1996 **Irish Publishing Record** ,1993
