Su Hijo Adoptado Una Guía Educativa Para Padres:

Su hijo adoptado Stephanie E. Siegel, 1992. He aquí una guía práctica personal y muy sencilla que trata el proceso de la adopción desde el momento de la decisión de los padres hasta la llegada del niño, comenta todos los problemas de la educación desde el nacimiento hasta el final de la adolescencia incluyendo las cuestiones referentes a los niños con necesidades especiales, proporciona seguridad al abordar temas comunes a la evolución de los hijos biológicos y de los adoptados y lo más importante ofrece asesoramiento explícito sobre los problemas que afectan exclusivamente al comportamiento y desarrollo de los niños adoptados. Haciendo frente al hecho de que la educación de un niño adoptado tiene sus características distintivas, la doctora Siegel afirma que los padres adoptivos deben afrontar cosas tales como explicar a su hijo el hecho de la adopción, responder en lo posible a sus preguntas y quizás hacer frente a algún problema de salud heredado. La conclusión de todos modos es que los padres adoptivos pueden obtener tantas satisfacciones y recompensas de sus hijos como los padres biológicos.

Su hijo adoptado Stephanie E. Siegel, 1992 **Hemos adoptado** Berta Boadas Mir, Sandra Ger Cabero, Cristina Sallés Domenech, Meritxell Pacheco Pérez, 2013-10-08. Hemos adoptado es una guía completa sobre los temas más importantes que surgen durante el período denominado de postadopción. Resueltos los largos trámites legales para el inicio de la adopción y con nuestro hijo en casa comienza un período intenso y vital en el que padres e hijos van a iniciar la convivencia y el mutuo conocimiento. Cada etapa del desarrollo de nuestro hijo adoptado comporta numerosas dudas tanto en los padres como en el propio niño adoptado: preguntas sobre sus orígenes, sobre por qué fue adoptado y sobre cómo se desarrolla su integración en la familia y la sociedad que lo acoge. A las necesidades de todo niño que después ser adolescente se suman una serie de particularidades que conviene tener presente: el desarrollo psicomotor y de atención, la formación del apego seguro, base del posterior bienestar emocional, la construcción de la identidad familiar, la correcta adaptación al entorno escolar y la relación con los compañeros, etc. Esta guía pretende acompañar y potenciar el crecimiento de todo el entorno familiar basado en la comunicación, la reflexión y el diálogo.

Orientación familiar en contextos escolares Juan Carlos Torre Puente, 2001. La obra presenta una perspectiva nueva de colaboración entre los educadores y la familia del alumno situada en un ámbito escolar que desea tener en cuenta en su acción educativa todos los elementos de la estructura y organización familiar y contribuir de este modo a crear vínculos estrechos entre los padres y los profesores, entre los educadores familiares y los escolares.

Cuando los niños no vienen de París Marga Muniz, 2011-11-01. Es indudable que las familias biológicas y las familias adoptivas compartimos aspectos esenciales en cuanto a la crianza de los hijos. Sin embargo, las familias adoptivas a las dificultades propias de toda crianza debemos añadir el hecho de que las vidas de nuestros hijos no comenzaron cuando nosotros entramos a formar parte de ellas. Cuando traen nuestros hijos en su mochila, cómo afecta la calidad y duración del período de institucionalización en el establecimiento de un vínculo seguro. Qué influencia tienen factores pre y postnatales como la malnutrición, el alcoholismo, los traumas ambientales, etc. en el rendimiento escolar. Existe la
