## Subalterns Choice:

**The Subaltern Speak** Michael W. Apple, Kristen L. Buras, 2013-01-11 The question of whose perspective experience and history is privileged in educational institutions has shaped curriculum debates for decades In this insightful collection Michael W Apple and Kristen L Buras interrogate the notion that some knowledge is worth more than others The Subaltern Speak combines an analysis of the ways in which various forms of power now operate with a specific focus on spaces in which subaltern groups act to reassert their own perceived identities cultures and histories Subaltern Political Subjectivities and Practices in the Nineteenth and Twentieth Centuries Karen Lauwers, Sami Suodenjoki, Marnix Beyen, 2023-06-09 Approaching subalternity from a broad Gramscian angle this edited collection contributes to the understanding of popular politics in parliamentary autocratic and colonial contexts The book explores individual stories and micro histories of complaints requests rumors and other mediated and unmediated interactions between political institutions and the subjects they claimed to govern or represent It challenges the approaches of institutionally oriented political historiography and its attention to the top down construction of political representation citizenship and power and powerlessness The book discusses more subtle forms of agency and the spaces these pertained to which could indicate contestation or resistance taking place within a framework of loyalty towards the existing political institutions This research does not only bridge the divide between political and apolitical frames of reference but it also provides a new perspective on the dichotomy between loyalty and resistance by acknowledging the nuances of these seemingly opposing stances With case studies from Europe North Africa South America and India the chapters cover political communication in proto democratic democratic imperial and authoritarian contexts This volume is crucial reading for undergraduates postgraduates and scholars in history and social sciences who are interested in political culture and the mechanisms of negotiating local national or imperial identities Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution 4.0 International CC BY 4.0 license Subaltern Vision Aparajita De, Amrita Ghosh, Ujjwal Jana, 2012-01-17 Ever since the Gramscian notion of the subaltern became the lynch pin of the counter hegemonic project developed by the Subaltern Studies group in the early 1980s attempts to give voice to India's unrepresented or under represented classes have played a Mapping Subaltern Studies and the Postcolonial Vinayak Chaturvedi, 2012-11-13 Inspired by Antonio Gramsci's writings on the history of subaltern classes the authors in Mapping Subaltern Studies and the Postcolonial sought to contest the elite histories of Indian nationalists by adopting the paradigm of history from below Later on the project shifted from its social history origins by drawing upon an eclectic group of thinkers that included Edward Said Roland Barthes Michel Foucault and Jacques Derrida This book provides a comprehensive balance sheet of the project and its developments including Ranajit Guha's original subaltern studies manifesto Partha Chatterjee Dipesh Chakrabarty and Gayatri Spivak Forty-one Years in India from Subaltern to Commander-in-Chief by

**The Latin American Subaltern Studies Reader** Ileana Rodríguez,2001-09-24 Argues for the saliency of the category of the subaltern over that of class      Subaltern Lives Clare Anderson,2012-04-05 *Subaltern Lives* uses biographical fragments of the lives of convicts captives sailors slaves indentured labourers and indigenous peoples to build a fascinating new picture of colonial life in the nineteenth century Indian Ocean Moving between India Africa Mauritius Burma Singapore Ceylon the Andaman Islands and the Australian colonies Clare Anderson offers fresh readings of the nature and significance of networked Empire She reveals the importance of penal transportation for colonial expansion and sheds new light on convict experiences of penal settlements and colonies as well as the relationship between convictism punishment and colonial labour regimes The book also explores the nature of colonial society during this period and embeds subaltern biographies into key events like the abolition of slavery the Anglo Sikh Wars and the Indian Revolt of 1857 This is an important new perspective on British colonialism which also opens up new possibilities for the writing of history itself      **Neoliberal Globalisation and Resistance from Below** Jasper Abembia Ayelazuno,2018-08-15 As bearers of their own emancipation the political agency of the subaltern classes is a vexed question a time honoured one at that Why do the subalterns endure injustices without revolting most of the time but revolt sometimes against some injustices The euphoria of globalisation from below this book argues skirts responsibility of addressing this question by presuming a groundswell of resistance across the world against neoliberal globalisation In contrast to this oeuvre *Neoliberal Globalisation and Resistance from Below* engages this question squarely by using the socio historical approach to explain why the subalterns resist neoliberal globalisation in Bolivia and not in Ghana The author urges scholars of critical political economy to pay greater attention to why the subalterns resist rather than how they resist or what the ideal end of their resistance should be Such refocusing of the

research and political lens will yield a more realistic picture of what is politically possible in the social context of peripheral capitalism regarding an anti capitalist revolution The author further argues that this refocusing will cure many of the romantic anti capitalist claims and banal wishful thinking of a socialist revolution in peripheral capitalist regions such as Latin American The Middle East and North Africa MENA and Sub Saharan Africa Neoliberal Globalisation and Resistance from Below will be of interest to students and scholars of African politics neoliberalism globalisation political economy and subaltern politics
