Books in Print, 1962 *Sampling, Biting, and the Postmodern Subversion of Hip Hop* Jim Vernon, 2021-06-21 Drawing on the culture's history before and after the birth of rap music this book argues that the values attributed to Hip Hop by postmodern scholars stand in stark contrast with those that not only implicitly guided its aesthetic elements but are explicitly voiced by Hip Hop's pioneers and rap music's most consequential artists It argues that the structural evacuation of the voices of its founders and organic intellectuals in the postmodern theorization of Hip Hop has foreclosed the culture's ethical values and political goals from scholarly view undermining its unity and progress Through a historically informed critique of the hegemonic theoretical framework in Hip Hop Studies and a re-centering of the culture's fundamental proscription against biting this book articulates and defends the aesthetic and ethical values of Hip Hop against their concealment and subversion by an academic discourse that merely samples the culture for its own reactionary ends Chaucer and the Subversion of Form Thomas A. Prendergast, Jessica Rosenfeld, 2018-05-31 Responding to the lively resurgence of literary formalism this volume delivers a timely and fresh exploration of the works of Geoffrey Chaucer Advancing new formalist approaches medieval scholars have begun to ask what happens when structure fails to yield meaning probing the very limits of poetic organization While Chaucer is acknowledged as a master of form his work also foregrounds troubling questions about formal agency the disparate forces of narrative and poetic practice readerly reception intertextuality genre scribal attention patronage and historical change This definitive collection of essays offers diverse perspectives on Chaucer and a varied analysis of these problems asking what happens when form is resisted by author or reader when it fails by accident or by design and how it can be misleading errant or even dangerous The Secret History of Nursery Rhymes Linda Kathryn Alchin, 2010 Many nursery rhymes are believed to be associated with actual events in history and include references to murder torture betrayal greed and to tyrants and royalty The words were remembered but their secret histories were forgotten Political satire was cleverly disguised in the wording of some seemingly innocent nursery rhymes Although some of the most popular Nursery Rhymes are rooted in English history they are told to children throughout the English speaking world Old English Nursery Rhymes were taken to America with the settlers from England They were then spread across Commonwealth countries including Canada Australia and New Zealand The Secret History of Nursery Rhymes Linda Alchin, 2013-04 Many nursery rhymes are believed to be associated with actual events in history and include references to murder torture betrayal greed and to tyrants and royalty The words were remembered but their secret histories were forgotten Political satire was cleverly disguised in the wording of some seemingly innocent nursery rhymes Although some of the most popular Nursery Rhymes are rooted in English history they are told to children throughout the English speaking

world Old English Nursery Rhymes were taken to America with the settlers from England They were then spread across Commonwealth countries including Canada Australia and New Zealand

Classical Literary Careers and their Reception Philip Hardie,Helen Moore,2010-10-14 This is a wide ranging collection of essays on ancient Roman literary careers and their reception in later European literature with contributions by leading experts Starting from the three major Roman models for constructing a literary career Virgil the rota Vergiliana Horace and Ovid the volume then looks at alternative and counter models in antiquity Propertius Juvenal Cicero and Pliny A range of post antique responses to the ancient patterns is examined from Dante to Wordsworth and including Petrarch Shakespeare Milton Marvell Dryden and Goethe These chapters pose the question of the continuing relevance of ancient career models as ideas of authorship change over the centuries leading to varying engagements and disengagements with classical literary careers The volume also considers other ways of concluding or extending a literary career such as bookburning and figurative metempsychosis
