Young, Wise and Kick-S Phillip Ramphisa, 2015-01-12 Being a young adult is a critical stage of your life It can affect your happiness in your thirties and forties and right up to the final stages of your life The most important decisions such as which career to pursue obtaining university qualifications and meeting your life partner occurs at this stage of your life I have spent eight years of my life being obsessed about what makes young people successful and happy I have also read many books to try and figure this out This book is a compilation of answers in the form of the tools that I have used to change my life as a rural boy living in poor conditions I wrote this book for young adults who want to change their lives from being ordinary to being extraordinary It will give you the tools that you need to motivate yourself to take action and pursue your dreams Everyone who has achieved success has their own unique individuality that enables them to rise above the crowd and differentiate themselves It is therefore important for you to understand how you can use your unique individuality to shine and to create something unique to share with the world that only you can give For this reason Part I of the book is dedicated to a better understanding of yourself and using your individuality to become what I call Kick S Everyone who is or has been successful has had people along their journey that provided support guidance and assistance I refer to these people as your A Team In order for you to be successful it is important to have the ability to influence your A Team I have therefore provided you with tools in Part I of the book which you can utilize to influence the people who will be key in your journey to success so that they are willing to support you on your journey First survive then thrive They say you should not judge a person until you have walked a mile in their shoes I believe this with all my heart I speak to young adults from all backgrounds rich and poor black and white Many of these young adults face immense challenges Drug addiction Teenage pregnancies Alcohol abuse Absent parents Mental illness Bullying Crime Poverty Career problems Relationship problems Depression Today it is not easy being a young adult I cannot judge these young people Only they can truly understand what they are living their situations and the way they deal with them I cannot I have not lived their

lives I have not walked a mile in their shoes Therefore I do not pretend to know everything I do not give youngsters all the answers to all their problems What I talk about are my own experiences while growing up my problems my struggles to overcome them and the rewards that awaited me when I succeeded Moreover I talk about what I have learnt along the way That success and strength is within each one of us We just need to know how to harness it and how to use it to change our lives and our world Through my story I show young adults that at the end of those long hard miles there can be happiness fulfilment and even riches First however they have to survive Keywords Youth Motivational Speaking Success Self Confidence Relationships
