Success At The Harness Races:

Success at the Harness Races Barry Meadow,1976-10 The Path to Harness Racing Handicapping Profits Douglas Masters,2018-08-15 This book is a LARGE PRINT format paperback using an 18 pt Arial font This book represents three decades of handicapping and betting harness races and is a summary of observations that are important to being a winning player This book summarizes the conclusions on what made the author a winning player There is no magic formula to become a winning player and the author is the first to say that there is more than one road to profits This book is the road taken by Doug Masters to becoming a winning player Becoming a winning player is part art and part skill so it is impossible to summarize it as a mechanical method however Doug attempts to outline his process in the second half of the book This book may be difficult for beginning harness handicappers to read because it does not explain any basic terminology There are however glossaries of harness racing terms online as well in the racing programs of harness tracks There are no winning examples in this book This is a quote from the author in the introduction You will find no past performances listed in this book this is intentional Anyone who has been around harness racing for even a few years has probably read various books and publications offering a handicapping system All of them will have examples of how a handicapping system or angle picked a winner Anyone can do this especially when so many of these authors are working backwards from the winner To me it is simply a waste of time And besides only a mediocre or inexperienced handicapper is going to believe there is a single path to success in wagering This book consists of my observations of the sport and how it relates to my own handicapping perspective If you are looking for a system that represents some sort of absolute truth you re looking in the wrong place Topics include Handicapping Factors Drivers Horse Form Speed Pace Class Post position Track Statistics Betting multiple racetracks Success at the Harness Race Outlet,Outlet Book Company Staff,Random House Value Publishing Staff,1981-03-01 **Gambler's Digest** Dennis Thornton,2002 The lights The action The excitement It s all here Discover nearly every major gaming destination in the United States in this fully illustrated invaluable reference to casinos riverboats horse tracks dog tracks and gambling cruises More than 1 200 gaming destinations are listed with thorough coverage provided for each facility including the location gaming available type and scope of gaming equipment hotel restaurant information and prices available entertainment plus much more Includes bonus information from gaming professionals with more than a dozen articles that review the secrets to success such as winning strategies for playing craps and blackjack and useful tips for riverboat poker action collecting casino chips and pari mutuel betting Also lists additional gaming related references such as books magazines home gaming supplies videos movies lotteries and online gaming sites Lists more than 1 200 U S gaming destinations Provides insight into gaming world Includes related references for more information **No B.S.
