Sudan Days Ways:

The British in the Sudan, 1898-1956 R. Collins, 1984-06-18 **Area Handbook for the Republic of the Sudan** American University (Washington, D.C.). Foreign Areas Studies Division, 1964 **Prelude to the Mahdiyya** Anders Bjørkelo, Anders Bjørkelo, 2003-02-13 This book analyses socio economic change among the peasants and traders during the Turkiyya period of Sudanese history *Class and Power in Sudan* Tim Niblock, 1987-08-01 With the attention of the industrialized world focused on the political economic and social strife of Africa Tim Niblock travels to Sudan for a first hand investigation of the socio economic structure of that continent's largest country His findings hold significant implications for the wider context of Africa the Arab countries and the Third World His is a systematic and comprehensive study of Sudanese politics A country with immense economic potential possessing extensive tracts of cultivable but currently uncultivated land Sudan could emerge as a major source of food for the Arab world Yet it is threatened by famine while attempts at development are frustrated by civil war and political disarray Niblock examines the political economic and social factors that have shaped the country's development The fate of Sudan will be critical to the political stability of North East Africa and the Red Sea area and the Sudanese experience is instructive for underdeveloped countries as a whole Historical Dictionary of the Sudan Robert S. Kramer, Richard Andrew Lobban, Carolyn Fluehr-Lobban, 2013 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence which they did in July 2011 So this hefty book actually covers not one but two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography *Spirits and Slaves in Central Sudan* Susan M. Kenyon, 2012-09-13 This historical ethnography from Central Sudan explores the century old intertwining of zar spirit possession with past lives of ex slaves and shows that despite very different social and cultural contexts zar has continued to be shaped by the experience of slavery **The Decline and Fall of the British Empire, 1781-1997** Piers Brendon, 2008-10-28 A WASHINGTON POST BOOK WORLD NOTABLE BOOK After the American Revolution the British Empire appeared to be doomed Yet it grew to become the greatest most diverse empire the world had seen Then within a generation the mighty structure collapsed a rapid demise that left an array of dependencies and a contested legacy at best a sporting spirit a legal code and a near universal language at worst failed states and internecine strife The Decline and Fall of the British Empire covers a vast canvas which Brendon fills with vivid particulars

from brief lives to telling anecdotes to comic episodes to symbolic moments *The Sirdar* M. W. Daly, 1997 Francis Reginald Wingate 1861 1953 was a major figure in the political administrative and military history of the Middle East from the early 1880s until the end of WWI As dir of military intelligence in the British officered Egyptian Army during the Sudan campaigns as sirdar commander in chief of that army and gov gen of the Sudan during the formative period of its colonial admin and as high commissioner in Egypt during the latter half of the first world war and the crisis that led to the Egyptian revolution of 1919 he stands with Cromer and Kitchener as architects of the British empire in the Middle East Yet Wingate has received much less notice than his famous contemporaries such as Gordon of Khartoum and Lawrence of Arabia This biography corrects the historical imbalance Illus Poison in Small Measure Ann Crichton-Harris, 2009 In 1917 in Khartoum Dr J B Christopherson experimentally treated seventy bilharzia patients with injections of antimony tartrate an early chemotherapy His was the first successful treatment Antimony had never been tried on bilharzia patients before or so he believed This biography examines the turbulent life of this medical pioneer his fight for priority and his struggle for professional survival amid the politics of exclusion in General Wingate s Sudan His was a career full of paradoxes acclaimed for intercepting a smallpox outbreak building a hospital and satellite clinics he battled accusations and removal as director of the Medical Department From the Boer War two decades in Sudan his capture and release in Serbia to his time in France in WW1 controversy seldom left him *Ordering Africa* Helen Tilley, Robert Gordon, 2017-03-01 African research played a major role in transforming the discipline of anthropology in the twentieth century Ethnographic studies in turn had significant effects on the way imperial powers in Africa approached subject peoples Ordering Africa provides the first comparative history of these processes With essays exploring metropolitan research institutes Africans as ethnographers the transnational features of knowledge production and the relationship between anthropology and colonial administration this volume both consolidates and extends a range of new research questions focusing on the politics of imperial knowledge Specific chapters examine French West Africa the Belgian and French Congo the Anglo Egyptian Sudan Italian Northeast Africa Kenya and Equatorial Africa Gabon as well as developments in Britain France Germany Italy and Switzerland A major collection of essays that will be welcomed by scholars interested in imperial history and the history of Africa
