

## HABITAR LA CIUDAD

El ser humano es un ser **social**, y la ciudad es el medio donde este se relaciona. No tendría sentido la ciudad sin la figura del ser humano, sin unos ojos que la vean, sin unas piernas que la **recorran**. Las ciudades están hechas para ser habitadas por los humanos, la **casa** en la que vivimos, la **plaza** en la que descansamos, las calles por las que nos **movernos**, el sitio en el que **trabajamos**, todo gira entorno a la figura del ser humano. Aquello que no guarda relación con nosotros, carece de importancia. Esta puede ser una visión antropológica, pero es evidente que el ser humano necesita de la ciudad tanto como la ciudad necesita de él.

Se puede entender la ciudad como un tejido de calles, algunas con más **ruido**, otras en cambio, más **tranquillas**, que se interseccionan separando **casas**, **hitos**, fuentes, **plazas**, parques hasta generar lo que conocemos como **ciudad**.
