holidays because you don't necessarily want for yourself what everyone else seems to think you should. It's about renting when everyone says you should own, dating around when everyone thinks you should settle down, and traveling alone when everyone pities you for going to Paris without a man. Amazon.com      **Betty Broderick** Betty Broderick, 2015-04-03 What do you do when you have struggled loyally for years beside your husband living in financial hardship as you bring up your joint children virtually as a single mother working toward the good times that you can see coming for all of you only to discover that your husband is committing adultery and is planning to leave you? Worse, he aggressively denies his affair, denouncing you as crazy to your face and to everyone you know while he schemes to walk off with everything you have worked so hard for. As he is reborn into a new life with a star-struck younger woman as pretty as you once were, who will enjoy everything you have invested in your financial security, your home life, and even your children? Worse still, he is a notoriously hardball lawyer with every intention of crushing you in any way he can, of erasing you from his life, of reducing you to nothing so that he can move on as if you never existed. Daniel T. Broderick III's relentless harassment of his discarded wife Betty made her increasingly crazy, as he and his girlfriend, then second wife Linda Kolkena Broderick, piled on the pressure until one day on November 5, 1989, at her wits' end and believing herself to be acting in self-defense, she confronted them in the early hours of the morning and in a panic shot them both dead. A multitude of onlookers has absolved Betty for what she did. Many even admire her, especially if they have suffered similar fates to hers. One juror at her trial openly questioned why she had taken so long to kill Dan under such extreme provocation. Now twenty-five years into a thirty-two-year-to-life prison sentence for her second-degree murder of Dan and Linda Broderick, Betty has reluctantly decided to give her personal account of what led up to that fatal and fateful day when all three of their futures came violently and abruptly to an end.      *Lies I Tell Myself* Beth Vrabel, 2022-06-21 Eleven-year-old Raymond devises a plan to spend his summer proving to everyone how brave and confident he is, but will he really be able to change, or is it another lie he tells himself?      **Stories I Tell Myself** Juan F. Thompson, 2016-01-05 Hunter S. Thompson, smart hillbilly boy of the South, born and bred in Louisville, Kentucky, son of an insurance salesman and a stay-at-home mom, public school educated, jailed at seventeen on a bogus petty robbery charge, member of the U.S. Air Force, Airmen Second Class, copy boy for Time, writer for The National Observer et cetera. From the outset, he was the Wild Man of American journalism, with a journalistic appetite that touched on subjects that drove his sense of justice and intrigue: from biker gangs and 1960s counterculture to presidential campaigns and psychedelic drugs. He lived larger than life and pulled it up around him in a mad effort to make it as electric, anger-ridden, and drug-fueled as possible. Now Juan Thompson tells the story of his father and of their getting to know each other during their forty-one fraught years together. He writes of the many dark times of how far they ricocheted away from each other and of how they found their way back before it was too late. He writes of growing up in an old farmhouse in a narrow mountain valley outside of Aspen, Woody Creek, Colorado, a ranching community with Hereford cattle and clover fields, of the presence of guns in the house, the boxes

of ammo on the kitchen shelves behind the glass doors of the country cabinets where others might have placed china and knickknacks of climbing on the back of Hunter's Bultaco Matador trail motorcycle as a young boy and father and son roaring up the dirt road trailing a cloud of dust of being taken to bars in town as a small boy Hunter holding court while Juan crawled around under the bar stools picking up change and taking his found loot to Carl's Pharmacy to buy Archie comic books of going with his parents as a baby to a Ken Kesey Hells Angels party with dozens of people wandering around the forest in various stages of undress stoned on pot tripping on LSD He writes of his growing fear of his father of the arguments between his parents reaching frightening levels and of his finally fighting back trying to protect his mother as the state troopers are called in to separate father and son And of the inevitable of mother and son driving west in their Datsun to make a new home a new life away from Hunter of Juan's first taste of what normal could feel like We see Juan going to Concord Academy a stranger in a strange land coming from a school that was a log cabin in the middle of hay fields Juan without manners or socialization going on to college at Tufts spending a crucial week with his father Hunter asking for Juan's opinion of his writing and he writes of their dirt biking on a hilltop overlooking Woody Creek Valley acting as if all the horrible things that had happened between them had never taken place and of being there together side by side And finally movingly he writes of their long slow pull toward reconciliation of Juan's marriage and the birth of his own son of watching Hunter love his grandson and Juan's coming to understand how Hunter loved him of Hunter's growing illness and Juan's becoming both son and father to his father
