Temas Criminológicos:

Criminología, victimología y cárceles Antonio Beristáin, 1996 **The Routledge Handbook on Global Community Corrections** Ioan Durnescu, James M. Byrne, Benjamin J. Mackey, Faye S. Taxman, 2024-06-25 The Routledge Handbook on Global Community Corrections assesses and analyzes the status of community corrections systems around the world highlighting inter regional and intra regional variations in their design implementation and impact on policy and practice Covering both probation and parole this handbook brings together leading international experts to examine the myriad of systems developed under the broad heading of community corrections to manage community corrections populations at the pre adjudication adjudication and post release stages Chapters are designed to consider the following questions How many offenders are placed in community corrections systems around the globe What are the key design features of these community corrections systems What do we know about the effectiveness of community corrections within and across global regions This is an essential reference text for all those engaged with community corrections probation and post release policy in criminal justice Estudios de criminología III Raquel Bartolomé Gutiérrez, 2008-10-31 Estudios de Criminología III continúa la línea iniciada hace quince años por el Centro de Investigación en Criminología de la Universidad de Castilla La Mancha de divulgar trabajos criminológicos sobre temas relevantes y actuales que preocupan tanto a los expertos como al conjunto de la sociedad Así este volumen recoge análisis teóricos y empíricos sobre cuestiones emergentes muy presentes en el debate político criminal nuevas formas de justicia Justicia Terapéutica nuevos grupos sociales como menores inmigrantes Pero también se abordan cuestiones quizá menos novedosas pero igualmente interesantes de gran calado social y político sobre las que es necesario seguir trabajando con rigor como la percepción social de la inseguridad ciudadana la victimización en los jóvenes o las respuestas educativas en el sistema de justicia juvenil En conjunto esta obra ofrece materiales de gran interés para el análisis y reflexión sobre la compleja realidad criminológica y social en que vivimos **Centros de investigación en España. Plan nacional de I+D**, 1990 Catálogo que pone al día las dos ediciones anteriores 1984 y 1986 donde se ofrecía el listado de Centros de Investigación en España *Criminología y conducta antisocial* Arturo Silva, 2007-11 Presenting a valuable integration of the latest criminology research this work uses the analysis of the most controversial topics in the field bringing together philosophical legal sociological and psychological perspectives to the field of antisocial behavior The book also proposes that the science of criminology needs to focus its efforts on a way to create a social technology that allows for change to come about in the field This would achieve a shift from the speculative to the actual path where criminal behavior leads Ideal for philosophers criminologists lawyers sociologists psychologists statisticians planners and those who work in preventive social programs Presentando una valiosa integración del conocimiento criminológico más reciente esta obra utiliza el análisis de los temas de mayor controversia en el campo conjugando enfoques filosóficos jurídicos sociológicos y psicológicos en el estudio de la conducta antisocial Propone además que la ciencia criminológica debe concentrar

sus esfuerzos a fin de construir una tecnología social que permita cambiar el rumbo de los acontecimientos en esta reas logrando trascender el plano especulativo e incidir en el rumbo que toma la conducta criminal Ideal para filsofos criminólogos abogados sociólogos psicólogos estadistas planificadores y aquellos involucrados en programas de prevención social

Estudios Penales Y Criminológicos Xxii , La moral historiada. El melodrama de la criminalidad en las Américas Birkbeck, Christopher H.,2014-12-01 Esta monografía examina el discurso moral que materializa en los comentarios sobre la criminalidad reportados en la prensa latinoamericana y angloamericana Encuentra allí múltiples pero pocas variadas historias del presente que encierran una visión particular del acontecer de la identidad y la alteridad Esa visión corresponde a una postura melodramática frente a la vida colectiva e individual compartida por todos los actores políticos académicos periodísticos y sociales que se designan como parte de la sociedad civil A través de un análisis minucioso de textos seleccionados de tres periódicos latinoamericanos de Argentina México y Venezuela y tres periódicos angloamericanos de Canadá y Estados Unidos se revela una concepción maniquea del mundo social una fraseología estereotipada en el abordaje discursivo de la criminalidad y una perspectiva moral que es estrecha y superficial Si bien hay algunas diferencias importantes entre los melodramas narrados por los comentaristas en cada región sobre todo en cierta tendencia latinoamericana hacia la moralización grandilocuente y cierta tendencia angloamericana hacia la moralización prosaica lo que más se destacan son las semejanzas en terminología y perspectiva incluyendo el significado moral que adquiere la investigación científica La conclusión reflexiona sobre los posibles condicionantes socio culturales de este melodrama colectivo e invita a considerar otras concepciones de la moral frente a la criminalidad **Quaderni di criminologia clinica** ,1959 *Estudios de criminología I* Luis Arroyo Zapatero,1993 **Jornadas Internacionales de Ciencias Penales y Criminológicas** ,1982
