variety of geopolitical and historical contexts this edited volume adds a novel perspective to the existing interdisciplinary scholarship at the intersection of home and displacement It equally intends to broaden the canon of architectural histories and theories by including migrants and refugees spatial agencies and place making practices to its annals By highlighting the political in the spatial and vice versa this volume sets out to decentralise and decolonise current definitions of home and displacement striving for a more pluralistic outlook on the idea of home

Indian Rose Narendra K. Dadlani, 2021-03-26 THE INDIAN ROSE by Narendra K Dadlani is the first complete book that

describes the beauty of Indian roses. It is structured to provide a comprehensive account of the evolution of rose breeding in India including its objectives, choice of parents, used criteria for naming the varieties, their salient features such as size, shape, color, and fragrance, along with promotion of the varieties. It presents the work of more than seventy eminent rose breeders spanning over a period of nearly sixty years and contains descriptions of nearly 1400 Indian bred rose varieties, as also a separate account of the famous soil less pot culture of the roses of Bengal. The book is attractively designed and richly illustrated with pictures of more than a hundred fine rose varieties of India. This is going to be a valuable publication since for the first time it will present a comprehensive account of the development of modern roses in India along with large number of pictures of rose varieties bred in the country. Dr M S Swaminathan: I would like to warmly congratulate the author of this magnificent and colorful publication with special reference to history and evolution of the rose which will certainly find its way to promote the Indian rose fraternity and passion for the rose around the world. Ms Henrienne de Briey, President the World Federation of Rose Societies: This book I consider as a reward to the Indian breeders who have been working relentlessly to bring out new strains and varieties which are no less than their counterparts around the world. Mr Ahmed Alam Khan, President Emeritus The Indian Rose Federation: Relentless efforts by Indian breeders have helped enlarge our portfolio of rose varieties to appreciate and enjoy. They perform well all over India and give us much pleasure. I compliment the author for his valuable documentation of the Indian rose wealth. Mr B H Singhania, President The Rose Society of India:
