Temple Monarchy And Word Of God Message Of Biblical Spirituality Old Testament:

Divine Providence in the Bible: Old Testament John H. Wright, 2009 Gives a complete and accurate account of the teaching of the Old Testament on God's Providence contrasting it with the over reaction of St Augustine to the errors of the Pelagians

Divine Providence in the Bible John H. Wright, 2010-11 Presents a thoughtful masterly well organized investigation of Divine Providence as seen by the authors of the New Testament Advances the claim that the NT authors do not support Augustine's highly influential predestinarian view of Providence

David's Successors Garrett Galvin, 2016-10-06 David's Successors Kingship in the Old Testament argues for a new reading of kingship in the Old Testament Rather than presenting the kings as monsters with the occasional angelic ruler this study seeks a more nuanced version of kingship This book considers the original concept and context of kingship before concentrating on five kings in particular Jeroboam Ahab Hezekiah Manasseh and Josiah Much contemporary scholarship is concerned with the reconceptualization and recontextualization of kingship that hearkens from a negative perspective on kingship but this book will fully consider the positive and original vision of kingship This book is ultimately rooted in a hopeful and joyful view of humanity as found in the Psalms Sirach and the Chronicles

Symbol, Service, and Song J. Nathan Clayton, 2021-11-09 In the Old Testament the Levites stand as key ministry leaders for the worship of the people of God from their origins with Moses and the tabernacle to their service at the Jerusalem temple to their roles in the postexilic period This study proposes a multidimensional reading of the texts centered on the Levites in the Davidic narratives of 1 Chronicles 10-29 From a literary point of view the notion that the Levites are closely associated with the symbol of God's presence is explored From a historical perspective the roles of the Levites in expanding the service to God and his people is examined And from a theological perspective the means by which the Levites facilitate the song of God's people is studied Overall this work seeks to defend the idea that these texts contribute significantly to the rhetorical argumentation the historiographic method and the biblical theological meaning of the canonical books of Chronicles generally and of the Davidic narratives of 1 Chronicles 10-29 specifically as they emphasize the central role played by proper Levitical worship leadership at the time of David and during the challenging situation of the Chronicler's Yehudite postexilic audience

Passion, Vitality, and Foment Lamontte M. Luker, 2001-01-01 A collection of essays showing that the postexilic period was an age of robust religious vitality that gave birth to Rabbinic Judaism and early Christianity focuses on the range of religious advances in this time period from the Sabbath and the synagogue to the vitality of feminine spirituality wisdom traditions and apocalyptic visions all of which demonstrate the richness of Second Temple Judaism Original

The book's introduction and ten chapters are suitable for a 10-12 week study. The Word Among Us Terry L. Burden, 2022-07-19

The Word Among Us Theologies of the Hebrew Bible Old Testament is a topical approach to the study of the Judeo Christian Bible. Each topic is a survey of the many theological themes we encounter in the Biblical narrative such as the theology of Biblical History, Torah, Moses, Election, Covenant, Land, Kingship, Prophecy, and many more. Special topics include The Theology of the Fall of Israel, Theology of Messianic Expectations, and The Theology of Israel. Of particular interest is The Theology of Story which introduces the story-oriented literary discipline. At the center of Biblical theology is the tragic fall of the Northern Kingdom of Israel in 722 B.C.E. and the Southern Kingdom of Judah in 586 B.C.E. From these periods many of the theological motifs such as covenant, law, and prophecy arise to address and to explain these tragedies in Israelite history. The primary purpose of the present study is a better understanding of the theological function of these motifs or themes. A theological function is the power of a Biblical narrative to constitute and to restore the Israelite people who were struggling to survive the late period of Biblical history. A special feature of my study are the several promptings from Biblical topics of the many discussions that relate to the New Testament and Christian teachings. My approach to the study of the Hebrew Bible Old Testament is unique among other introductions to the Hebrew Bible. This book therefore is very important to both the Jewish and the Christian reader.
