Temporary Angel:

Battle Angel Scott Speer, 2014-08-28 It's going to take a lot more than fame to save the Immortal City in its darkest hour. With Maddy torn between two loves, Guardian Jackson and heroic pilot Tom, and Angels and humans on the brink of an epic war, the Immortal City is more vulnerable than ever. And when demons descend upon Angel City with the intent to destroy the humans, don't stand a fighting chance without the Angels on their side. Will Jacks find the strength and forgiveness to enter the fray and fight the demons as a stronger than ever Battle Angel? Or has the damage been so great that the Guardians will set off for the next place, abandoning Angel City in its darkest hour? It all comes down to love, wrecked half Angel Maddy, and the strength of her bond with Jackson in this game-changing, thrice as sultry series finale that blends beautiful themes of redemption and renewal with heart-pounding action scenes and jaw-dropping twists.

Time to Meet the Angels Dr. Mark Miravalle, 2017-07-07 The time is now to know, to appreciate, to befriend, and to love these heavenly beings who already know and love us and who spend much of their efforts in guiding us to Heaven and protecting us from Hell. We need to meet them first of all because they are real. We also need to meet them because we need their powerful intercession in the midst of the spiritual battle between good and evil which is being fought in dramatic and perhaps unprecedented fashion in our homes, at our schools, in our workplaces, in our neighborhoods, and throughout the world. From the Introduction Dr. Mark Miravalle, Professor of Theology and Mariology, Franciscan University of Steubenville.

Hospital Angel Jess Levins, 2022-08-23 Doctor Angel Carpenter is a doctor, but is he an Angel? Angel is the former leader of the gang called the Angels. He is deeply religious and tries to do the right thing, but the right thing is not always legal. Some claim he is an actual angel since his terminal cancer patients refuse to die while others feel he should be behind bars. Angel developed a holistic method to increase the cure rate for a cancer drug that could save millions of lives, but he is arrested as a serial killer since his fingerprints are on the murder weapon. He keeps telling people he is not an angel, but the crowd surrounding the hospital and his apartment does not believe him. An anti-religious organization wants him dead, and this organization may be more difficult to treat than the cancer affecting his patients. They initially offered a million euros for his death and then increased it to five million. Assassins converge on Miami for an easy kill and a huge reward. They failed to realize one of the female cancer survivors is a member of a mafia family. She is indebted to Angel and she pays her debts.
