Temptation To Forget Racism Anti-Semitism Neo Nazism:

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal *The Temptation to Forget* Franco Ferrarotti, 1994-11-30 Topics include the moral imperative of remembrance charismatic leaders Aryan Eurocentrism the Holocaust as a problem of mankind multicultural society the redemption of Europe Roads to Dystopia, Sociological Essay on the Post Modern Condition (c) Stanford M. whether and if so to what extent literary imagination may depart from historical truth In general the first reactions to traumatic historical experiences are autobiographical statements written by witnesses of the events However the second and third generations the sons and daughters of the victims as well as of the victimizers tend to free themselves from this generic restriction and claim their own way of remembering the history of their parents and grandparents They explore their own limits of representation and feel free to use a variety of genres they turn to either realist or postmodernist ironic or grotesque modes of writing
