Marina Torres Arce,2006-10-01 Estructurada en dos partes la primera es un estudio institucional y burocrático del tribunal de distrito de Logroño centrado en el análisis de su organización interna en la segunda se establece la proyección social y política que obtuvo el tribunal en su entorno en el periodo final de su funcionamiento Todo ello para responder a un doble objetivo por un lado aportar nuevos datos a la historiografía inquisitorial del siglo XVIII y por otra revisar los tópicos en los que ha estado sumida desde el siglo XIX centrándonos en el periodo de 1746 a 1808 durante el cual se produjo el cambio de ideas que la Ilustración y el reformismo borbónico propiciaron y que acarrea la abolición de la Inquisición *The Fatal Knot* John Lawrence Tone,2018-08-25 John Tone recounts the dramatic story of how between 1808 and 1814 Spanish peasants created and sustained the world's first guerrilla insurgency movement thereby playing a major role in Napoleon's defeat in the Peninsula War Focusing on the army of Francisco Mina Tone offers new insights into the origins motives and successes of these first guerrilla forces by interpreting the conflict from the long ignored perspective of the guerrillas themselves Only months after Napoleon's invasion in 1807 Spain seemed ready to fall its rulers were in prison or in exile its armies were in complete disarray and Madrid had been occupied However the Spanish people themselves particularly the peasants of Navarre proved unexpectedly resilient In response to impending defeat they formed makeshift governing juntas raised new armies and initiated a new kind of people's war of national liberation that came to be known as guerrilla warfare Key to the peasants success says Tone was the fact that they possessed both the material means and the motives to resist The guerrillas were neither bandits nor selfless patriots but landowning peasants who fought to protect the old regime in Navarre and their established position within it from the book That unfortunate war destroyed me it divided my forces multiplied my obligations undermined my morale All the circumstances of my disasters are bound up in that fatal knot Napoleon Bonaparte on the Spanish war **War, Power and the Economy** A. González Enciso,2016-10-04 War Power and the Economy contains a comparative history of Great Britain France and Spain the three rival empires of the 1700s It explores how the states

prepared for war what kind of economic means they had what institutional changes they implemented and how efficient this was As such the book presents the first comparative synthesis aiming to understand the outcome of the global confrontation in the eighteenth century Faced with the challenge of paying for new and more costly wars some countries found flexible ways to get more money and better supplies whereas others did not The development of freer colonial markets the increase of consumption and its taxation the problems of venal administration or the different systems of patronage with contractors are some of the factors explaining the divergences that were made clear by 1815 This book explores political and economic dimensions of the eighteenth century European state in order to explain why and how changes in power as an outcome of war depended upon the available means and the way they were obtained and used The book takes the idea that making war or preparing for it obliged governments to make important changes in their institutions so that during the eighteenth century the state in many ways formed itself through war efforts Ultimately this study aims to show how closely political and military success was entwined with economic interests This volume is of great interest to those who study economic history political economy and European history Tensiones de Navarra con la administración central 1778-1808 , *La Guerra de la Independencia, 1808-1814* Jean René Aymes,2009 El autor Jean Ren Aymes realiza un recorrido a través de las guerras de 1793 y de la Independencia relacionando los conflictos franco españoles anteriores y posteriores Para ello recopila una selección de sus trabajos más destacados dispersos en libros actas de coloquios y revistas Los artículos se estructuran en seis apartados la guerra de España contra la Convención 1793 1795 la guerra de España vista desde Francia las palabras como armas arrojadas contra los invasores los conflictos ideológicos en la España patriótica actores y víctimas ecos e interpretaciones del conflicto **Los magistrados de la Ilustración** Pere Molas Ribalta,2001-01-01 Los magistrados ante el historiador La jerarquía de los letrados Los colegiales mayores El auge de los abogados Magistrados ilustrados Bajo el signo de Godoy Del absolutismo a la Constitución **Kritikon Litterarum** ,1977 **La vieja herida** Floren Aoiz,2002
